Planning

Overview: Council has expressed interest in revisions to the Land Use Management Ordinance (LUMO) to add the 100-year 24-hour duration storm event to the stormwater requirements. The text amendments will address the peak flow rate requirements and clarify the water quality volume requirement in LUMO Section 5.4 Stormwater Management.

★ Recommendation(s):

That the Council open the Legislative Hearing, receive public comment, provide comments on the proposed text amendments, and continue the hearing to April 24, 2024.
