

06-23-2021 Town Council Meeting
Responses to Council Questions

ITEM #16: Redevelopment and Risk Assessment of Police Station Property at 828 Martin Luther King, Jr. Boulevard

Council Question:

Will we receive any additional information on Item #16 on redevelopment and risk easement of the police station property prior to the Wednesday meeting? Right now, there is just one page for this item in the meeting packet.

Council Question:

Will we be getting any detailed material to review on this item before the meeting, especially spelling out relative risk assessment or the procedure for getting that information?

Staff Response:

The Town's consultant, Hart & Hickman, is still refining their materials. Staff expects to be able to share these on Wednesday prior to the Council meeting.
