

11-17-2021 Town Council Meeting
Responses to Council Questions

ITEM #16: Consider Adopting Greene Tract Resolution for Recombination Plat and Conceptual Plan

Council Question:

Would it be possible for staff to include as part of the presentation what the proposed/planned next steps are and an associated timeframe?

Staff Response:

Staff will work to prepare this information. Similar presentations are being given on Tuesday, November 15 to the Orange County and Carrboro boards by their respective staffs and we are attempting to keep the information consistent for the three boards.
