Thank you for your correspondence with the Town of Chapel Hill. The Mayor and Town Council are interested in what you have to say. By way of this email, I am forwarding your message to the Mayor and each of the Council Members, as well as to the appropriate staff person who may be able to assist in providing additional information or otherwise addressing your concerns.

Again, thank you for your message.

Sincerely,

Jeanette Coffin

Hello Town Council

Wanted to let you know that we have an ideal climate geography and population to support bikeways - it is basically neglect not to invest and design our town to allow the safe passage of people by bikes and foot. I urge you to transform the possibilities in our town by investing in protected bikeway along Cameron (as well as blue hill - which is a horrible parking lot intersection jungle that is unfriendly to pedestrians and bikes (and cars)).

I moved here twenty years ago from a town with such infrastructure- I didn't need a car for my commute until I moved here. I have seen the beautiful transformations here in Chapel Hill over the last two decades by investing in some protected multi use paths - the need and benefits are only getting more severe - lifestyle, health benefits for the citizens, climate change, and less tragic deaths from distracted drivers

Thank you for listening  
Nicole Calakos
