Vote: 6-0

Motion #2: Neal Bench moved and John Rees seconded the motion to recommend approval of the Ordinance for the text amendment to allow self-storage, conditioned in the Office/Institutional-2 zoning district with the following additions:

- That a self-storage, conditioned building or section of a building not be allowed on the road frontage or the “public face” of a street.
- That access to the building not be on the principal façade.
- That office space be allowed for the facility manager to administer the self-storage facility.

Special considerations:

1. Encourage construction of buildings that can be converted to other uses in the future and
2. Consider allowing limited “bullpen style” office space for renters to use. This space could be similar to an incubator space.

Vote: 6-0

Ayes: Neal Bench, Melissa McCullough, John Rees, Louie Rivers, Whit Rummel, and Amy Ryan
