Thank you for your correspondence with the Town of Chapel Hill. The Mayor and Town Council are interested in what you have to say. By way of this email, I am forwarding your message to the Mayor and each of the Council Members, as well as to the appropriate staff person who may be able to assist in providing additional information or otherwise addressing your concerns.

Again, thank you for your message.

Sincerely,

Jeanette Coffin

John and Town Council

Here are my comments and suggestions for the Climate Action Plan.

To: Mayor and Town Council  
From: Julie McClintock  
Re: Comments on Chapel Hill Climate Action Plan  
Date: January 27th, 2021

Today the Biden administration passed an executive order that will integrate climate change actions into every facet of our federal government.

The draft for the Chapel Hill's Climate Action Plan is a good start. Like the Biden Administration, we also want the Council to see that our local plan is integrated throughout all departments and town activities from transportation, to buildings, to trees.

Here are our recommendation of things to be sure to include:

1. Meet solar goals by 2030. The Town Council is already looking at adopting the 2030 solar standards. Let's do it.
2. Start a community solar program for all town parking lots and elsewhere.
3. We recommend a citizen engagement section that reaches out to neighborhoods to invite our residents to participate in community climate-friendly actions such as planting rain gardens, chopping leaves, and using solar.
4. Lay out low impact design and green infrastructure principles in the plan so that they can be built into the upcoming LUMO revision and town code revisions.

Here are examples of discrete important actions that the Council can take now:

1. Adopt improved process for stormwater review. Due to increased severity of weather events we expect more flooding. Petition recommended early review by Stormwater Advisory Board along with CDC.
2. Adopt the "Leave the leaves" Program: Save energy from town leaf pickups and reduce emissions from 2 cycle leaf blower engines along with education campaign.
3. Adopt LUMO amendment to include "landscape" as part of the Historic District Commission's purview in order to protect tree canopy in the Historic Districts.
4. Plant trees everywhere. Enforce tree ordinance.

By taking many small actions, we can make significant change.

Dear friends and elected leaders,  
I may not be able to make tonight's meeting, but I want you to know how deeply we support the valiant effort of our teenagers, our grandchildren and our great grandchildren and their effort to have the Council listen to and act upon their petition. Tonight is a perfect night to show how our local community supports with an even deeper commitment to the initiatives of our new federal Biden/Harris Administration to put climate change at the top of the nation's agenda. Our young ones deserve a future of good livable wage jobs, universal health care, equity and racial justice, and a healthy, and sustainable economically and socially just environment.

Sincerely  
Miriam Thompson

Mayor and Council,

Attached is a petition signed by 500 teens in Chapel Hill in support of the comments of the Planning Commission on the CARP. It will be referenced during a public comment on the CARP at tonight's meeting.

Kai Nilsen

Mayor Hemminger, Members of the Chapel Hill Town Council:

We, the 500 undersigned teens of Chapel Hill, as members of the generation which will experience the worst effects of climate change, express our strong support for the comments of the City Planning Commission on the town's draft Climate Action and Response Plan. We recognize that building a compact Chapel Hill with dense, mixed-use developments and a strong public transport system is absolutely essential to fighting climate change. Now is the time for the Council to take strong and decisive action on climate change by making growth and climate-conscious land use decisions. Now is the time for you to protect the future of the town and world we love.

Signed (over 500 signatures):
