Subject: Glen Lennox Phase 1  
Glen Lennox Drive Right-of-Way

Dear Chris,

Phase 1 of Glen Lennox includes the development of Block 7 and the construction of Glen Lennox Drive, which is a new public street along the southern edge of Block 7 that creates a new intersection with US 15-501. A Development Agreement Compliance Permit (DACP) for Phase 1 of Glen Lennox was approved on September 8, 2017. The original design of Glen Lennox Drive included a median and a 96' wide right-of-way for most of its length. A final subdivision plat was recorded on 5 Sep 2018 (BK: PL119, Pg 36-38), which dedicated the public rights-of-way for Glen Lennox Drive and Flemington Road and also split Block 7 into two separate lots.

In late 2018, Grubb Properties made a commitment to make Glen Lennox one of the most bicycle-friendly communities in North Carolina. Grubb hired Copenhagenize, an internationally-renown bicycle and pedestrian facility planning firm, to provide recommendations on how to accomplish this goal. One of their recommendations was to redesign the Glen Lennox Drive/US 15-501 intersection to give higher priority to bike and ped traffic and to create safer crossings. On 19 Aug 2019, a DACP Modification was approved by the Town of Chapel Hill reflecting the "Copenhagenize" redesign of this intersection. One the revisions approved as part of this DACP modification was to remove the median from Glen Lennox Drive and narrow the roadway, which significantly shortened the crosswalks and helped reduce conflict points. The narrower roadway allows the public right-of-way to be narrowed from the currently platted 96' width to 79' wide. We are therefore requesting the Town of Chapel Hill to abandon the unnecessary right-of-way.

To support this request, I have attached the following items:

- Exhibit showing existing and proposed right-of-way and areas to be abandoned.
- A draft Right-of-Way Abandonment, Right-of-Way Dedication, and Easement Plat.
- Draft Public Notice.
- Draft Resolution.

Our understanding is that the first step in the process will be for your staff to prepare a Council consent agenda item, which will establish a Council Public Hearing on the matter at a subsequent Council meeting. We are hopeful this item can be included in the next available Council consent agenda and scheduled for the soonest public hearing possible thereafter.
