Good Evening,

Attached is a letter of support to expand the present number of positions that presently exist for the SOHRAD program.

It has been a valuable component to house low barrier residents who have substance use disorders and mental disabilities with Oxford Houses.

Thanks for your consideration of an additional position.

Re: Letter of Support for SOHRAD-fourth position

The Street Outreach, Home Reduction, and Deflection program since its inception has become a viable agency combating the housing insecurity that communities experience. The Oxford House is one of the agencies that have partnered with SOHRAD and have had considerable positive outcomes with placing some of the consumers they serve who are seeking recovery in Oxford House.

The communication between Oxford House and SOHRAD provides both agencies and the consumer the opportunity to maximum their ability to find appropriate democratically run, peer supported recovery housing. Oxford House values all partnerships with agencies that support helping making housing for low barrier consumers in our community attainable.

The outstanding work SOHRAD does can only be continued and enhanced with enough personnel to provide adequate services to so many underprivileged residents, so I support the need for a fourth position to continue the excellent work they are doing.

If you have any additional questions, please feel free to contact me at 919-616-3020.

Thank you.

Dear Mayor Pam and council,

I am reaching out about SOHRAD, a program that has helped the town of Chapel Hill during this complex time. As you know, the community of Chapel Hill is dedicated to help people that lack permanent housing. Tiffany Hall has had great success with the program, serving approximately 250 people in need. On top of that, SOHRAD has worked closely together with the businesses of Chapel Hill, making sure to provide care to our unsheltered community members.

Being downtown, I have been able to see for myself the amazing work that SOHRAD has done for this town. On top of that, I have seen Tiffany make time to meet small groups of students and community members to engage them in resolving safety concerns. The work they do is crucial to provide safety for all of our community members. I am in full support of her and the program adding a fourth member to continue the work they have been doing.

please contact me with any questions or concerns.
