Question applies to multiple boards

How do you describe your previous advisory board experience?

Non-Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

Lawyer practicing land-use litigation at the trial and appellate levels. Mostly representing affected homeowners, but some work representing permit applicants.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have never served on a board but I do have experience in litigation of quasi-judicial proceedings both under Chapter 160D and under the previous versions of the land-use statutes. I am very comfortable with quasi-judicial procedure. My land-use practice was and is confined to Western NC (I am a lawyer at an Asheville firm and work primarily remotely) so there is no risk of a conflict of interest.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

Some. I was a member of UNC's Dialectic and Philanthropic Societies for six years (undergrad and law school) and served as their president pro tempore. Di Phi is dedicated to, among other things, preserving the history of Chapel Hill. I also have an amateur interest in pre-1990 public aesthetics (that is, from the period before fire-retardant wood became widely permitted and stick-construction mid-rise buildings became popular).

You may upload a supporting document (e.g., CV or resume). **Please be advised that any information submitted becomes a public record and may be searchable online.**

Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to General Statute 160D-109(d), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.” Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member shall recuse himself/herself from voting on the matter. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Question applies to multiple boards

How do you describe your previous advisory board experience?

Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am a landscape architect with over 30 years design experience. I currently work for a planning firm that provides land use plans, code updates and streetscape design for small NC communities as well as design of both residential and commercial infill projects. Previously, I designed detailed custom residential landscape and hardscape projects. My career as a landscape architect has been one of collaboration with other design professionals to create the best possible places. With experience in design of both large and small scale projects, my background would be useful in guiding new development, infill and renovation within and around our Historic District.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

As a landscape architect, I am trained to evaluate construction plans and have a clear understanding of the design process. I have served on the Community Design Commission and am familiar with the Town approval process.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

I have worked on several projects in the Historic District over the years. My particular interest is in creating new projects that are compatible and complementary with the contextual environment. This would include spatial relationships, design detailing, materials selections and balancing environmental concerns.
