[Portions of Section 3.5.7 not appearing in the excerpt below to remain unchanged.]

“3.5.7. Historic Rogers Road Neighborhood District

- a) *Purpose and Intent.* The purpose of the Historic Rogers Road Neighborhood (HR) District is to implement the relevant goals and recommendations of the *Mapping Our Community's Future* community planning effort, completed in May 2016. The intent of *Mapping Our Community's Future* and the HR District is to:
 - 1) Create opportunities for long-term residents to continue living in the community and to age in place;
 - 2) Preserve the socioeconomic and cultural diversity of the neighborhood;
 - 3) Increase physical connections within the neighborhood, including for pedestrians and bicyclists;
 - 4) Respect and protect the natural character of the neighborhood;
 - 5) Ensure that new development is consistent with neighborhood character and the vision that residents have developed for its future;
 - 6) Provide greater residential housing choice, affordability, and diversity;
 - 7) Increase economic opportunities within the neighborhood;
 - 8) Increase recreational resources within the neighborhood; and
 - 9) Ensure that new development is adequately served by infrastructure, including streets, sidewalks, and utilities.
- b) *Applicability.* Except where exempted in Section 3.5.7(c), Exemptions, the standards in this section apply to all land and development located within the HR district and subdistrict boundaries as identified and located on the Chapel Hill Zoning Atlas.
- c) *Exemptions.* Minor additions to lawfully-established buildings that existed on May 22, 2019 are exempt from the standards in this section. For the purposes of this section, "minor additions" are defined as increases in the amount of floor area on a lot of up to 25 percent beyond what existed on May 22, 2019, or up to a maximum total size of 2,000 square feet of heated floor area, whichever is greater.
- d) ~~**Effective Date. The effective date of these standards is May 22, 2019.**~~
Reserved.
- e) *District Boundary.* The boundary for the HR District is depicted in Figure 3.5.7(e), below:

Figure 3.5.7(e): HR District Boundary

NOTES:

[1] Because the Historic Rogers Road Neighborhood, as defined in *Mapping Our Community's Future*, is located across two jurisdictions (the Town of Chapel Hill and the Town of Carrboro), a parallel district was prepared for the Town of Carrboro, to be applicable in the grey-shaded area on the map.

f) Subdistricts Established

The HR District is comprised of subdistricts, or character areas. The purpose and intent of each subdistrict is as follows:

- 1) **Residential-Low Density (HR-L) Subdistrict.** The Residential-Low Density (HR-L) Subdistrict is established with the intent to protect and preserve the character of existing lower-density areas (minimum lot size 14,500 square feet, or no more than three lots per acre) within the neighborhood while providing for compatible new development, including new housing choice options, and increased home occupation opportunities for residents.
- 2) **Residential-Medium Density (HR-M) Subdistrict.** The Residential-Medium Density (HR-M) Subdistrict is established with the intent of designating areas within the neighborhood for medium-density (minimum lot size 9,000 square feet, or no more than five lots per acre) residential development that offers a

broader range of housing options and increased home occupation opportunities for residents.

- 3) *Housing and Employment Mixed-Use (HR-X) Subdistrict.* The Housing and Employment Mixed-Use (HR-X) Subdistrict is established with the intent of providing areas within the neighborhood with a broader range of housing and employment options. These areas are intended to concentrate new development into nodes ~~which will to~~ balance ~~providing areas for~~ desired new uses while protecting the overall neighborhood character. Uses appropriate in the HR-X Subdistrict include live-work units, flex offices, and low-intensity neighborhood-serving establishments such as healthcare, assisted living, elder care, child care, and recreation facilities.

~~**NOTE: As of May 22, 2019, no lands bear the HR-X designation. This subdistrict is established as a placeholder for future use within the district, subject to a rezoning.**~~

- 4) *Conservation (HR-C) Subdistrict.* The Conservation (HR-C) Subdistrict is established with the intent of preserving and protecting environmentally sensitive areas as well as lands under joint management by the Towns of Chapel Hill and Carrboro, and Orange County.
NOTE: As of May 22, 2019, no lands bear the HR-C designation. This subdistrict is established as a placeholder for future use within the district, subject to a rezoning.

[Subsection g) Modification of District Standards remains unchanged]

h) Development Standards.

This section sets out the special standards for new development or redevelopment in the HR District. Development standards **for properties within the Residential-Low Density (HR-L) and Residential-Medium Density (HR-M) Subdistricts** not listed in this section (including Recreational Area for Residential Subdivisions, Required Buffers for Adjacent Vacant Land Zoning, and Permitted Sign Types, Dimensional Standards, and Lighting) shall comply with the standards for development in the R-1 District listed in Article 5.
