Subject: Tomorrow's Work Session and 828 MLK

Council,

After discussing with the Mayor and staff we have decided to remove the 828 MLK item from the agenda tomorrow night. This issue has a number of critical, moving pieces that we believe need to be addressed in more detail than tomorrow night would allow. We are planning, at this point, to have a work session on March 2nd dedicated exclusively to the MSC/828 project. Please let us know if you have any questions.

All the Best,
Maurice
