Boards Applied for:

Animal Services Advisory Board

Relevant background, education and experience: My education and experience is in healthcare and business. Additionally, I served as President of the Ann Arbor Recreation & Education Advisory Committee. RAC is a commission of 12 community members, jointly appointed by the Board of Education and City Council, to advise both entities about public recreation matters. The combination of these would bring both compassion and pragmatism to advising the Board of County Commissioners on animal issues and services within the County.

Reasons for wanting to serve on this board: I have been a lifelong animal lover, pet parent, and conservationist. I began volunteering at OCAS with my son and have loved the passion that the staff and volunteers bring to it. I am increasing my time volunteering and serving on this board taps into a number of my skills and interests.

Personal or business interest(s) that could create a conflict of interest:

Boards Applied for:

Animal Services Advisory Board

Relevant background, education and experience: I have an undergraduate degree in zoology and a Juris Doctor degree. I am currently completing a book on the history of animal control and sheltering in the United States. I founded and ran a non-profit organization that rehabilitated and rehomed dogs rescued from puppy mills. When I lived in Maryland I coordinated with rescues in the northeast to pull animals from shelters in the mid-Atlantic and southeast and transport them to the rescues. I am currently a blogger on animal shelter issues for the Huffington Post and a member of BlogPaws. I have blogged on animal shelter issues since 2011 and have a popular Facebook page for my current blog, Out the Front Door. I am familiar with social media promotion of animal issues.

Reasons for wanting to serve on this board: Orange County Animal Services is already a good shelter, and I would like to assist it in taking the next steps to become a model system and an example for the state. For example, Target Zero and Humane Network are two respected consulting services that I believe would be interested in working with the shelter to find a solution for feral cats. I think there is also room to further improve the shelter's already good social media presence and its community engagement.

Boards Applied for:

Animal Services Advisory Board

Relevant background, education and experience: I have years of experience in animal welfare advocacy. While a student at Yale Law School, I interned in the Animal Protection Litigation section of the Humane Society of the U.S. and at Meyer Glitzenstein & Eubanks, a law firm specializing in animal and environmental law. Until earlier this summer, I was the Associate Director of Animal Law at the PETA Foundation, where I worked for 6 years. I am currently a lecturing fellow at Duke Law School, teaching Professional Responsibility and Animal Law. I am very knowledgeable about animal-related ordinances, dangerous-dog laws, and the like.

Reasons for wanting to serve on this board: I am passionate about animals and about Orange County, where I have lived with my husband and two small children for the past 5 years. I would love to use my experience and education in animal law and advocacy to serve my community.

Personal or business interest(s) that could create a conflict of interest:
