

Petition to the Chapel Hill Town Council

The Eno-New Hope Landscape Conservation Group requests the support of the Chapel Hill Town Council. Our mission is to conserve and restore landscape habitat connectivity that ensures long-term protection and resilience of biodiversity and natural resources.

This project includes multiple counties and jurisdictions. With the beginning of the second phase of the project, we hope to inform elected officials and the public about the need for this work.

We specifically ask for:

- an opportunity to present our Strategic Action Plan and recommendations to the Council as soon as possible, and
- a subsequent directive to the Town Staff to work with us.

We hope you will join us in our endeavor.

Thank you for your consideration,

Livy Ludington, on behalf of the Eno-Hew Hope Landscape Conservation Group
