1. Main Street focus
2. Street trees
3. Pool and landscape courtyard
4. Internal sidewalks
5. Trail system
6. Stoops and porches

Provide more bump outs w/ trees & trees where bump outs are currently shown.

consider sidewalk extension

consider informal trail access to natural area

consider swapping pool & courtyard locations. Courtyard could become public (community) amenity along primary frontage and near main building entrance

Consider bump-out or other traffic calming method to help differentiate between "main street" (townhouse fronts) from "back" perimeter street
