

## 11-07-2018 Town Council Meeting Responses

### **ITEM #4: Receive Upcoming Public Hearing Items and Petition Status List**

**Council Question:** Recently, we've gotten multiple inquiries about the status of the request to revise the Tree Ordinance. Is there a sense of when we'll hear back from staff on that?

**Staff Response:** *We are developing a project proposal to review with the Town Manager and anticipate this coming to Council at a future work session, along with other Planning projects and priorities, for their consideration and feedback.*
