I don't have suggestions for all the pix--here are the ones I found. I wasn't always sure which were new construction or additions, so I didn't focus on those issues.

Page 26 Replace with Angela 0476, South Boundary Street. Very attractive house more typical of the district.

Page 72 Replace with Angela 0448, 0450, both on Senlac. Assuming these are metal roofs, either one is better than an example that was denied a COA.

Page 129 Several possibilities. Angela 0465, Hooper Lane; Kim Kyzer Garages2 (no address); Susan Smith 3A or 5A (no address). All of these are smaller in scale than the example.

Please let me know if this isn't clear.
