Responses to Council Questions

ITEM #8: Receive Final Report of the Varsity Theatre Task Force

Council Question: Was there any other discussion that occurred related to the best use/purpose for the Varsity Theatre? If so, what ideas did that discussion yield for the best use/purpose for the Theatre?

Staff Response: *The Task Force received information about and discussed the current use of the Varsity Theatre as a movie theatre and a host facility for a number of public and private functions. From there, the Task Force focused on the possible use of the Varsity Theatre as a community performing arts center, per the Council's charge. It did not discuss other potential uses or attempt to determine the best use.*
