Responses to Council Questions

ITEM #8: Adopt a Resolution Closing the Public Hearing for the Land Use Management Ordinance Text Amendment to Article 5 Regarding Parking Limitations in Town Center and Town Code Chapter 11A Regarding Off-Street Parking and a Council Policy on Parking

Council Question:

If I read this correctly, we will be closing the public hearing without taking any action on a new policy and deferring action to some unspecified future date, yes?

Staff Response:

Yes, that is correct. The tentative plan is to bring forward an item to the December 2 work session.
