

06-19-2019 Town Council Meeting
Responses to Council Questions #2

ITEM #8: Consider Pursuing a Text Amendment Process for Changes to the Land Use Management Ordinance in Response to Short Term Rentals (STR)

Council Question: The Key Issues slide still seems to be lacking some other issues that were raised in the work session, such as impact on residents/neighborhoods, and impact on housing market.

Staff Response: *Staff is working to add a slide that summarizes the input received to date from different stakeholders.*
