**Subject:** Proposed Amendment to Parking Deck GMP Resolution

Council Colleagues,

As you may recall, a few weeks ago, Allen, Karen, and I submitted a petition asking that the Town adopt a target of 15 percent for MWBE/DBE participation in contracts. The petition called out our two pending construction projects, of which the new deck is one, as being particularly relevant. Tonight is the last time that we will be voting on the construction of the deck itself. Since we have not yet formally adopted any revision to our contracting policies, I am suggesting the following amendment to tonight's resolution to ensure that this new target applies to construction of the deck.

Be it further resolved, that the final contract for construction shall stipulate that there will be a  
15 per cent target for MWBE/DBE participation in the project.

I hope that you will be able to support this amendment. Please let me know if you have any questions. Many thanks and my apologies for the short notice.

Michael
