ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

I have lived in the East Rosemary district for over 35 years. I will bring the perspective of a district resident with a strong background in design. My interests include historic residential and commercial architectural expression as well as an interest in urban morphology (how villages and towns grow and develop over time).

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am an architect with an interest in both historic and contemporary design. I have also received an award from the American Planning Association (APA) for my work as a volunteer planner and urban designer. I have served on the HDC in the 1980's and have served on other town commissions including several Comprehensive Plan update teams.

Yes. I have an undergraduate degree in Architecture, a Masters of Architecture (both from Syracuse University). I have worked professionally to restore buildings on the National Register of Historic Places and on buildings within historic districts.

Question applies to multiple boards

How do you describe your previous advisory board experience?

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

My academic and professional experience has been in art history, the fine arts, and design. Serving on the Chapel Hill Historic District Commission for over 10 years I have participated in the many training sessions that we as Commissioners were provided by the Institute for Government at UNC and the State Historic Preservation Office. In 2001 I was on the committee that wrote the current Historic District Design Guidelines, and I am on the committee that is in the process of updating the Guidelines. Over the years I also served on the board of trustees for the Chapel Hill Preservation Society and the Chapel Hill Historical Society. I renovated an 1840s cottage on Hillsborough Street for which I secured preservation covenants from Preservation North Carolina in Raleigh, and I worked with PNC to secure preservation covenants for the Hooper-Kyser house (1814), a National Register historic property on Franklin Street. As a long-time resident of the Franklin-Rosemary Historic District I believe that it is important that the Commission's membership includes the perspectives and experiences of residents of the historic districts it is charged with preserving.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

SEE paragraphs above

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

Architecture and design are among my life-long interests. I have a BA in art history from UNC-Chapel Hill, a specialization that included the history of architecture. After graduation I was accepted in the degree program at the Parsons School of Design in New York City. Additionally, I studied at the School of Visual Arts in New York followed by a year at the University of Virginia in the Art Department. I earned a BFA from the Atlanta College of Art, now part of SCAD. My unofficial education in historic preservation began in the 1970s when my mother, Georgia Kyser, and Ida Friday together with Bob Stipe were the driving force behind the creation of historic districts in Chapel Hill. My mother and Mrs. Friday co-founded the Preservation Society, now called Preservation Chapel Hill.

Question applies to multiple boards

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am dedicated to living in Chapel Hill, and wish to give back to this community through service that will enhance the Chapel Hill Community for everyone.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I live in the Historic District, and cherish old houses. I have an interest in architecture of old buildings

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

I have a special interest in historic architecture. I own a Grade II listed building in the UK that we grew up in (it is ~500 years old) and I have a lot of experience maintaining that in its original character. I served on the Community Design Commission, but had to give up my seat due to work commitments that changed. I have a keen interest in maintaining the historic character of Chapel Hill as we live in the Historic District, in a 1920's house. My interests are personal interests, and not reflected on my CV (academic CV)

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

My ability to work well with others is shown in the great ability I have making people feel welcomed and comfortable. I would be able to bring an organized work ethic while still maintaining a friendly and welcoming relationship with others at the workplace. I enjoy working with others towards a common goal. I have been involved with working with people and children of different backgrounds and I believe I would bring forth a unique perspective on how to reach many different groups of people all while focusing on our main goal and objectives to achieve.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am a very organized and fun-loving person. I take pride in the work I do and my ability to serve those around me. One example of my work would be with the organization I have brought to the backlog of the Yolo County Archives. I have taken the time to create a way that 20 plus years of backlog has been organized and has thus been better processed. In doing this, I was promoted to take charge of maintaining and fixing the website (by using Dublin core, HTML, and Omeka) that is used by the public to have access to the digitized collections from the county archives.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

A project I am proud of helping to start was a pilot transcription project for elementary school students. My involvement included meeting with teachers, creating online access to primary records, and compiling work packets of scanned documents for multiple students to work on simultaneously. This project was created to help students learn not only about the California court system in the mid to late 1800's, but also to read, analyze, and understand primary records.

How do you describe your previous advisory board experience?

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

Having been a resident of Chapel Hill for more than 50 years, I've seen changes in the town as few others can visualize. Now retired, I was a Chapel Hill police officer for 20 yrs and 32 yrs.as Orange Co.Deputy Sheriff/Investigator. My perspective of Chapel Hill and Orange Co. begins in another time, place and atmosphere when the town was in fact a "village" as it proudly proclaimed then.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

As one who was here when Chapel Hill city limits ended at Boundary st., when most streets/road in Chapel Hill were 2 lane roads, as Airport Rd once was or when Eastgate was still a swamp and WCHL radio signed on at 6 AM off at 6 pm. As retired law enforcement officer the abilities/skills and organization, procedures to logically approach problems, circumstances in exploring solutions, remedies or answers to formidable questions.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

I have been a student of history all my life especially regarding history of Chapel Hill, knowledge from many who actually lived and participated in events in Chapel Hill going back to the early 1900's. I held direct conversations with individuals as eyewitnesses to events, history of Chapel Hill. The late W.D. Blake, Police Chief of Chapel Hill and I once considered and compiled information to write a book about Chapel Hill long ago. Chief's health problems became serious, I as police officer directing traffic at Mallett st/Cameron Ave. during UNC/Marquette Nat'l basketball championship game was struck by a car. In out of hospitals for 2 yrs, Chief Blake died; so it seems our project to write about unknown history of Chapel Hill.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.” Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

Historic District Commission makes a very important contribution to the quality of life in Chapel Hill and I would welcome an opportunity to join in its work. Since moving to the area some years ago to take on a position as a professor of American History at UNC, I have lived in several places—but the last four years spent in the Franklin-Rosemary Historic District have been truly special. Every time I walk to campus, go for a run in Battle Park, or just stroll around the block, I feel grateful for the opportunity to live here. My father was an architect, I have had a lifelong love of architecture and landscape design; over the years, I have had several rewarding opportunities to engage in the process of designing houses and planning renovations. As an historian, I have a long-standing professional interest in the built environment and in historic preservation; this spring I will be teaching a new class on the history of the built environment using Chapel Hill as case study. As a homeowner who has come before the Commission as an applicant, I am also sensitive to what it feels like to be in that position. I have great respect for the Commission's mission and role; and I also have great respect for those seeking to improve their properties.
