Parcel Identifier Number (PIN): 9788179085, 9788178503, 9788178220, 9788270111

Date: 03.17.2017

Section A: Project Information

Project Name: 318 Rosemary Mixed Use

Property Address: 318 W. Rosemary St.

Zip Code: 27516

Use Groups (A, B, and/or C): A

Existing Zoning District: TC-2, R-3

Project Description: Mixed-use development consisting of residential & office (live/work) uses with
under building parking.

Section B: Applicant, Owner and/or Contract Purchaser Information

Applicant Information (to whom correspondence will be mailed)

Name: Jeremy Anderson - Coulter Jewell Thames

Address: 111 W. Main St.

City: Durham

State: NC

Zip Code: 27701

Phone: 919-682-0368

Email: janderson@cjtpa.com

The undersigned applicant hereby certifies that, to the best of his knowledge and belief, all information supplied with this application is true and accurate.

**SITE PLAN REVIEW APPLICATION
SUBMITTAL REQUIREMENTS
TOWN OF CHAPEL HILL
Planning Department**

The following must accompany your application. Failure to do so will result in your application being considered incomplete. For assistance with this application, please contact the Chapel Hill Planning Department (Planning) at (919)968-2728 or at planning@townofchapelhill.org. For detailed information, please refer to the Description of Detailed Information handout.

x	Application fee (including Engineering Review fee) (refer to fee schedule)	Amount Paid \$	235.00
x	Pre-application meeting – with appropriate staff		
x	Digital Files - provide digital files of all plans and documents		
x	Recorded Plat or Deed of Property		
x	Project Fact Sheet		
email	Traffic Impact Statement – completed by Town’s consultant (or exemption)		
x	Mailing list of owners of property within 1,000 feet perimeter of subject property (see GIS notification tool)		
x	Mailing fee for above mailing list (mailing fee is double due to 2	Amount Paid \$	
x	Written Narrative describing the proposal		
x	Resource Conservation District, Floodplain, & Jordan Buffers Determination - necessary for all submittals		
n/a	Jurisdictional Wetland Determination – if applicable		
x	Resource Conservation District Encroachment Exemption or Variance (determined by Planning)		
n/a	Jordan Buffer Authorization Certificate or Mitigation Plan Approval (determined by Planning)		
x	Reduced Site Plan Set (reduced to 8.5"x11")		

Stormwater Impact Statement (1 copy to be submitted)

- a) Written narrative describing existing & proposed conditions, anticipated stormwater impacts and management structures and strategies to mitigate impacts
- b) Description of land uses and area (in square footage)
- c) Existing and proposed Impervious surface area in square feet for all subareas and project area
- d) Ground cover and uses information
- e) Soil information (classification, infiltration rates, depth to groundwater and bedrock)
- f) Time of concentration calculations and assumptions
- g) Topography (2-foot contours)
- h) Pertinent on-site and off-site drainage conditions
- i) Upstream and/or downstream volumes
- j) Discharges and velocities
- k) Backwater elevations and effects on existing drainage conveyance facilities
- l) Location of jurisdictional wetlands and regulatory FEMA Special Flood Hazard Areas
- m) Water quality volume calculations
- n) Drainage areas and sub-areas delineated
- o) Peak discharge calculations and rates (1, 2, and 25-year storms)
- p) Hydrographs for pre- & post-development without mitigation, post-development with mitigation
- q) Volume calculations and documentation of retention for 2-year storm
- r) 85% TSS removal for post-development stormwater run-off

- s) Nutrient loading calculations
- t) BMP sizing calculations
- u) Pipe sizing calculations and schedule (include HGL & EGL calculations and profiles)

Plan Sets (10 copies to be submitted no larger than 24"x36")

Plans should be legible and clearly drawn. All plan sets sheets should include the following:

- Project Name
- Legend
- Labels
- North Arrow (North oriented toward top of page)
- Property Boundaries with bearing and distances
- Scale (Engineering), denoted graphically and numerically
- Setbacks
- Streams, RCD Boundary, Jordan Riparian Buffer Boundary, Floodplain, and Wetlands Boundary, where applicable
- Revision dates and professional seals and signatures, as applicable

Area Map

- a) Project name, applicant, contact information, location, PIN, & legend
- b) Dedicated open space, parks, greenways
- c) Overlay Districts, if applicable
- d) Property lines, zoning district boundaries, land uses, project names of site and surrounding properties, significant buildings, corporate limit lines
- e) Existing roads (public & private), rights-of-way, sidewalks, driveways, vehicular parking areas, bicycle parking, handicapped parking, street names.
- f) 1,000' notification boundary

Existing Conditions Plan

- a) Slopes, soils, environmental constraints, existing vegetation, and any existing land features
- b) Location of all existing structures and uses
- c) Existing property line and right-of-way lines
- d) Existing utilities & easements including location & sizes of water, sewer, electrical, & drainage lines
- e) Nearest fire hydrants
- f) Nearest bus shelters and transit facilities
- g) Existing topography at minimum 2-foot intervals and finished grade
- h) Natural drainage features & water bodies, floodways, floodplain, RCD, Jordan Buffers, & Watershed boundaries

Detailed Site Plan

- a) Existing and proposed building locations
- b) Description & analysis of adjacent land uses, roads, topography, soils, drainage patterns, environmental constraints, features, existing vegetation, vistas (on & off-site)
- c) Location, arrangement, & dimension of vehicular parking, width of aisles and bays, angle of parking, number of spaces, handicapped parking, bicycle parking . Typical pavement sections & surface type
- d) Location of existing and proposed fire hydrants
- e) Location and dimension of all vehicle entrances, exits, and drives
- f) Dimensioned street cross-sections and rights-of-way widths
- g) Pavement and curb & gutter construction details
- h) Dimensioned sidewalk and tree lawn cross-sections
- i) Proposed transit improvements including bus pull-off and/or bus shelter
- j) Required landscape buffers (or proposed alternate/modified buffers)
- k) Required recreation area/space (including written statement of recreation plans)
- l) Refuse collection facilities (existing and proposed) or shared dumpster agreement
- m) Construction parking, staging, storage area, and construction trailer location
- n) Sight distance triangles at intersections
- o) Proposed location of street lights and underground utility lines and/or conduit lines to be installed
- p) Easements
- q) Clearing and construction limits
- r) Traffic Calming Plan – detailed construction designs of devices proposed & associated sign & marking plan

Stormwater Management Plan

- a) Topography (2-foot contours)
- b) Existing drainage conditions
- c) RCD and Jordan Riparian Buffer delineation and boundary (perennial & intermittent streams, note ephemeral streams on site)
- d) Proposed drainage and stormwater conditions
- e) Drainage conveyance system (piping)
- f) Roof drains
- g) Easements
- h) BMP plans, dimensions, details, and cross-sections
- i) Planting and stabilization plans and specifications

Landscape Protection Plan

- a) Rare, specimen, and significant tree survey within 50 feet of construction area
- b) Rare and specimen tree critical root zones
- c) Rare and specimen trees proposed to be removed
- d) Certified arborist tree evaluation, if applicable

- e) Significant tree stand survey
- f) Clearing limit line
- g) Proposed tree protection /silt fence location
- h) Pre-construction/demolition conference note
- j) Landscape protection supervisor note
- k) Existing and proposed tree canopy calculations, if applicable

Planting Plan

Steep Slope Plan

- b) On-site barrier
- c) Landscape buffer and parking lot planting plan (including planting strip between parking and building, entryway planting, and 35% shading requirement)
- a) Classify and quantify slopes 0-10%, 10-15%, 15-25% and 25% and greater
- b) Show and quantify areas of disturbance in each slope category
- c) Provide/show specialized site design and construction techniques

Grading and Erosion Control Plan

- a) Topography (2-foot contours)
- b) Limits of Disturbance
- c) Pertinent off-site drainage features
- d) Existing and proposed impervious surface tallies

Streetscape Plan, if applicable

- a) Public right-of-way existing conditions plan
- b) Streetscape demolition plan
- c) Streetscape proposed improvement plan
- d) Streetscape proposed utility plan and details
- e) Streetscape proposed pavement/sidewalk details
- f) Streetscape proposed furnishing details
- g) Streetscape proposed lighting details

Solid Waste Plan

- a) Existing Solid Waste Management Plan
- b) Existing and proposed dumpster parking and construction equipment parking
- c) Proposed size of parking and materials storage area
- d) Description of any debris prevention measures and pavement project site including construction
- e) Preliminary charred waste agreement, if applicable

Construction Management Plan

- a) Description of how project will be 20% more energy efficient than ASHRAE Standards
- b) Description of utilization of sustainable forms of energy (Solar, Wind, Hydroelectric, and Biofuels)
- c) Participation in NC GreenPower program
- d) Description of how project will ensure indoor air quality, adequate access to natural lighting, and allow for proposed utilization of sustainable energy
- e) Description of how project will maintain commitment to energy efficiency and reduced carbon footprint over time

Energy Management Plan

- a) consumption as it affects the community
- a) An outline of each elevation of the building, including the finished grade line along the foundation (height of building measured from mean natural grade).

Exterior Elevations

March 17, 2017

New Projects:

318-326 West Rosemary Street Mixed Use Buildings

Chapel Hill, NC 27516

The Amity Station Mixed-Use Proposal has been revised in response to community feedback. Five new mixed-use buildings are proposed on West Rosemary Street with commercial, office, and residential uses at a moderate height and with an expanded transition to the Historic Northside Neighborhood including landscape buffering.

Following a 2-year Concept Plan process with the Town of Chapel Hill and in response to feedback received during that time period, this development proposal is in accordance with the Northside Neighborhood Conservation District (NCD) overlay requirements. The new buildings are also in keeping with the strategies of the anticipated Rosemary Street Development Guide that is being created and reviewed by the Town. The proposal now involves construction of 5 Mixed-Use Buildings located along West Rosemary Street in the Town Center-2 zoning:

318 West Rosemary Street Mixed-Use Bldg.

320 West Rosemary Street Mixed-Use Bldg.

322 West Rosemary Street Mixed-Use Bldg.

324 West Rosemary Street Mixed-Use Bldg.

326 West Rosemary Street Mixed-Use Bldg.

The 5 individual buildings are being developed in accordance with the current Town Center-2 zoning within the NCD as mixed-use development with the goal of promoting a walkable downtown and providing a desired transition to the historic neighborhood. The multiple building construction achieves many objectives of the anticipated Rosemary Street Development Guide including an increased transition between the new development and the historic neighborhood which will continue to preserve the history and charm of the historic community. A rezoning is no longer requested. The by-right construction of the 5 new structures will go before the Planning Commission for approval. A Special Use Permit is no longer required.

The project involves the demolition of the Breadmen's Restaurant and associated parking area along with reconfiguration of the lot layouts. Each new building will involve less than 20,000 square feet of floor area with vehicular parking underneath. Primary vehicular and pedestrian access for each building is to be provided from West Rosemary Street. Regarding each building's appearance, as encouraged, commercial/office space will face West Rosemary Street.

The residential portion of each of the 318-326 West Rosemary Street Mixed-Use Buildings is anticipated to include multiple live/work units with possible conversion of the live/work

units to business/office space. Approximately, 1,000 square feet of commercial/office use is proposed fronting West Rosemary Street in each new building. Residential, commercial, and office uses are all allowed in the downtown. As rental development, the residential portion of each Mixed-Use Building is not subject to the Inclusionary Zoning provisions of the Town's Land Use Management Ordinance.

Traffic impacts should be minimal. Traffic associated with the 5 new Mixed-Use Buildings is anticipated to be less than current conditions due to the closing of the Breadmen's Restaurant.

Each proposed Mixed-Use Building will achieve objectives of the anticipated Rosemary Street Development Guide, currently being developed by the Town. The focus of the new construction will be on West Rosemary Street, protecting the atmosphere and charm of the historic neighborhood. Visual breaks will be provided along West Rosemary Street as part of the appearance of the 5 new buildings and parking will be underneath each building. Improvements will be provided to the West Rosemary Street frontage of each building for an enhanced pedestrian experience.

The developments will occur at a lower density and intensity than proposed with the previous Amity Station Concept Plan. The proposed height of each new building will meet the Northside Neighborhood Conservation District height limits for mixed-use developments. A transition to the neighborhood with landscape buffering will be provided on the north side of the developments with appropriate transitions/solar setbacks to address neighborhood concerns about shadows.

Streetscape improvements on West Rosemary Street will promote an improved pedestrian experience and further connectivity with downtown. A transition of landscape buffer and lower density development is provided adjacent to the historic neighborhood. The 318-326 West Rosemary Street Mixed-Use Buildings will provide desirable mixed-use development on West Rosemary Street by a developer with a long-standing track record for quality development in downtown Chapel Hill.

RE: Stream Determination for Parcel #'s 9788-17-8053, 9788-17-8220, 9788-17-9085
9788-27-0111

Dear Mr. Anderson:

As requested, the Town Public Works Department has performed a stream determination on the properties identified on the attached forms. This determination indicates whether different types of streams (perennial, intermittent, and/or ephemeral) or perennial waterbodies are present on the property in question or on nearby properties. These streams and their classifications are shown on the accompanying map. Stream segments regulated by the Jordan Lake Stream Buffer ordinance are highlighted. **Locations of all features on the map are approximate and must be field surveyed for precise location.**

This stream determination information is used to determine the location and extent of the Resource Conservation District and the Jordan Lake Watershed Riparian Buffer. Specific land use regulations and restrictions apply within the boundaries of these protected areas. If you are considering any kind of work on your property, including clearing vegetation, paving, grading, or building, please consult with the Town Planning Department to determine the possible extent of the Resource Conservation District and Jordan Lake Watershed Riparian Buffer on your property and corresponding regulations.

This classification will remain in effect for five years from the date of the site visit before a request for reclassification will be considered, unless the stream channel characteristics are significantly altered as a result of watershed changes.

In accordance with the Town's procedures, you may appeal this administrative decision to the Town Manager. If you wish to do so, you must file your written appeal accompanied by any materials you believe support your appeal, within **30** days of receipt of this letter.

If you have questions regarding stream determinations, please contact me at (919) 969-5083. If you have questions regarding the Town's Resource Conservation Districts or the Jordan Watershed Riparian Buffer regulations, please contact the Planning Department at (919) 968-2728, or view information online at <http://www.townofchapelhill.org/town-hall/departments-services/public-works/stormwater-management/regulations-ordinances>.

Regards,

Dave Milkereit
Stormwater Specialist

STREAM DETERMINATION SITE VISIT RESULTS

Property Information	
Parcel ID Number (PIN)	Address / Location Description
9788-17-8053	W Rosemary St
9788-17-8220	W Rosemary St
9788-17-9085	W Rosemary St
9788-27-0111	W Rosemary St

These are the results of a site visit to the properties listed above for a stream determination conducted on 2/2/2017 by Town Staff:

- No perennial, intermittent, or ephemeral streams or perennial waterbodies were identified on or near the property(ies) in question.
- Perennial, intermittent, or ephemeral streams, or perennial waterbodies, were identified on or near the property(ies) in question and shown on the attached map(s).

A map showing water features, their Town flow classifications, presence of Jordan Watershed Riparian Buffers, and their approximate locations is attached. Origins or breakpoints that have been flagged in the field are marked on the map. Stream classification forms and additional site visit notes and maps are also attached.

Other conditions exist which may affect the location of the Resource Conservation District or Jordan Watershed Riparian Buffer:

- FEMA floodzone is mapped in the area. Precise location of the Base Flood Elevation and associated Resource Conservation District must determined by a field survey commissioned by the owner or a representative.
- Segments of perennial or intermittent stream are piped in the area, as shown on the map. These segments do not have an associated Jordan Watershed Riparian Buffer.
- Possible Jurisdictional Wetlands have been identified in the area. A formal review by a professional certified in Jurisdictional Wetland Delineation is recommended.

NC DWQ Stream Identification Form Version 4.11

Date: 2/2/2017	Project/Site: Rosemary	Latitude:
Evaluator: M. Kover	County:	Longitude:
Total Points: 10.5 <small>Stream is at least intermittent if ≥ 19 or perennial if ≥ 30</small>	Stream Determination (circle one) Ephemeral Intermittent Perennial	Other e.g. Quad Name:

A. Geomorphology (Subtotal = 6)

	Absent	Weak	Moderate	Strong
1 ^a . Continuity of channel bed and bank	0	1	2	3
2. Sinuosity of channel along thalweg	0	1	2	3
3. In-channel structure: ex. riffle-pool, step-pool, ripple-pool sequence	0	1	2	3
4. Particle size of stream substrate	0	1	2	3
5. Active/relict floodplain	0	1	2	3
6. Depositional bars or benches	0	1	2	3
7. Recent alluvial deposits	0	1	2	3
8. Headcuts	0	1	2	3
9. Grade control	0	0.5	1	1.5
10. Natural valley	0	0.5	1	1.5
11. Second or greater order channel	No = 0		Yes = 3	

^a artificial ditches are not rated; see discussions in manual

B. Hydrology (Subtotal = 2.5)

12. Presence of Baseflow	0	1	2	3
13. Iron oxidizing bacteria	0	1	2	3
14. Leaf litter	1.5	1	0.5	0
15. Sediment on plants or debris	0	0.5	1	1.5
16. Organic debris lines or piles	0	0.5	1	1.5
17. Soil-based evidence of high water table?	No = 0		Yes = 3	

C. Biology (Subtotal = 2)

18. Fibrous roots in streambed	3	2	1	0
19. Rooted upland plants in streambed	3	2	1	0
20. Macroinvertebrates (note diversity and abundance)	0	1	2	3
21. Aquatic Mollusks	0	1	2	3
22. Fish	0	0.5	1	1.5
23. Crayfish	0	0.5	1	1.5
24. Amphibians	0	0.5	1	1.5
25. Algae	0	0.5	1	1.5
26. Wetland plants in streambed	FACW = 0.75; OBL = 1.5 Other = 0			

^a perennial streams may also be identified using other methods. See p. 35 of manual.

PUBLIC WORKS DEPARTMENT
STORMWATER MANAGEMENT DIVISION

405 Martin Luther King, Jr. Blvd.
Chapel Hill, NC 27514-5705
Telephone (919) 969-7246
Fax (919) 969-7276
www.townofchapelhill.org

REQUEST FOR STREAM DETERMINATION

Stream determinations are used to determine whether the Resource Conservation District or the Jordan Stream Buffer will apply to a property, and the areas protected if that is the case. By default, we will notify you if a new stream determination will not be needed for a property and provide copies of the relevant prior records. Turnaround time is one to three business days. There is no fee for stream determinations.

[X] Check here if you want Town staff to conduct a new stream determination even if a new site visit is not required. No new site visit will be made if a determination has been done in the last 5 years. Turnaround time is two weeks for single-family lots depending on weather conditions and staff availability, and longer for larger lots.

Requests may be emailed (dmilkereit@townofchapelhill.org), faxed, dropped off at Town Hall or the Stormwater Office, or mailed to the above address care of "Stormwater Engineering Technician".

Requestor's Name: JEREMY ANDERSON, CJTPA

Mailing Address: 111 WEST MAIN ST. DURHAM, NC 27701

City, State, ZIP:

Phone / FAX / Email: 919-682-0368 JANDERSON@CJTPA.COM

Check method(s) for report to be sent: [X] US Mail [X] Email [] FAX [] Call for pickup

Signature of property owner or designated legal agent granting permission to Town Staff to enter the property(ies) indicated below for purposes of a Stream Determination:

Jeremy Anderson (signature) 01/27/2017 (date)

Owner Name(s): AMITY STATION LLC - LARRY SHORT (Please print)

Table with 2 columns: Parcel ID Number (PIN) and Address / Location Description. Rows include parcel numbers 9788 17 8053, 9788 17 8220, 9788 17 9085, and 9788 27 0111 with corresponding addresses like W. ROSEMARY ST, BETWEEN ANDREWS & NUNN LANE.

Where the total area of the property(ies) to visit is over 3 acres please attach an as-built drawing or a topographic map with current landmarks.

208 West Franklin

REQUEST FOR STREAM DETERMINATION

Stream determinations provide information used to determine whether the Town's Resource Conservation District (RCD) or Jordan Watershed Riparian Buffer Protection regulations apply to a property. Town staff will typically conduct a field visit to classify streams on the property(ies) indicated below within two weeks of a request, depending on weather conditions, staff availability, and scope of the request. Please note that stream determinations cannot be conducted within 48 hours of a rain event. There is no fee for stream determinations conducted by Town staff.

A stream determination report indicates the results of a stream classification. Stream classifications expire after five years. If a stream determination has been completed on or near the property(ies) listed below within the last five years, a site visit may not be required unless local hydrology has changed significantly or the stream classification has expired. If a site visit is not required, the stream determination will be based on a records review.

Requests may be emailed (dmilkereit@townofchapelhill.org), faxed, dropped off at Town Hall or the Stormwater Office, or mailed to the above address in care of the "Stormwater Specialist."

Requestor's Name: JEREMY ANDERSON · COULTER JEWELL THAMES PA

STATE OF NORTH CAROLINA

REFUSE COLLECTION EASEMENT

COUNTY OF ORANGE

Prepared by and RETURN TO: Eric W. Hinson, 1709 Legion Rd, Ste 229, Chapel Hill NC 27517

THIS REFUSE COLLECTION EASEMENT, (hereinafter **“Easement”**), is made and entered into this the ____ day of _____, 20____, by **AMITY STATION, LLC**, a North Carolina limited liability company;

LENDER, joins in the execution of this instrument to provide its consent and subordination of its Deed(s) of Trust and other lien or security instruments to this Easement and the provisions hereof.

WITNESSETH:

WHEREAS, Amity Station, LLC is the owner of those certain adjacent tract(s) of real property located on the 300 block of West Rosemary Street, Chapel Hill, Orange County, North Carolina 27516, briefly described as follows:

<u>Address</u>	<u>Brief Legal</u>	<u>PIN:</u>
318 W. Rosemary	Lot 1	9788-xx-xxxx
320 W. Rosemary	Lot 2	9788-xx-xxxx
322 W. Rosemary	Lot 3	9788-xx-xxxx
324 W. Rosemary	Lot 4	9788-xx-xxxx
326 W. Rosemary	Lot 5	9788-xx-xxxx
328 W. Rosemary	Lot 6	9788-xx-xxxx

said tract(s) of real property being described and shown on that certain map and survey recorded in Plat Book ____, Page ____, Orange County Registry, which said map and survey is incorporated herein by reference for a more particular description of same;

WHEREAS, said Lots 2-6 [inclusive] (hereinafter **“Lots 2-6”**) do not have a location for the proper placement of a Refuse Collection System [as hereinafter defined] on their respective properties which can be serviced by the Town of Chapel Hill and/or a third-party vendor/contractor;

WHEREAS, said Lot 1 (hereinafter “**Lot 1**”) does have a location for the proper placement of a Refuse Collection System on its property which can be serviced by the Town of Chapel Hill and/or a third-party vendor/contractor;

WHEREAS, it is the desire of the owner(s) of said Lots 2-6 (hereinafter a “**User**”) to have a permanent, non-exclusive, easement for the use of the Refuse Collection System located upon said Lot 1 for the collection and removal of a said User’s refuse;

WHEREAS, the owner of said Lot 1 (hereinafter the “**Provider**”) has agreed to allow the User(s) a permanent, non-exclusive, easement for access to and use of the Refuse Collection System.

NOW, THEREFORE, Provider, in consideration of the recitals and premises, the mutual promises and covenants of the parties hereinafter set forth and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, has and by these presents does grant, bargain, sell and convey unto each User a permanent, non-exclusive, easement upon the Provider’s real property, situated in the Town of Chapel Hill, Chapel Hill Township, Orange County, North Carolina, more particularly described as follows:

that certain tract or area of land, being a portion of said Lot 1, containing _____ square feet or _____ acres, more or less, as shown on that certain map and survey recorded in Plat Book _____, Page _____, Orange County Registry, which said map and survey is incorporated herein by reference for a more particular description of same,

(hereinafter the “**Easement Area**”).

The terms, conditions and restrictions of this Easement are as follows:

1. Recitals. The capitalized terms defined in the preamble are incorporated into this by reference. The recitals above are incorporated into this by reference.
2. Definitions. The term "Refuse Collection System" shall mean those certain facilities and infrastructure located within the Easement Area, including the refuse collection equipment, (e.g. dumpster(s)/compactor(s) and associated control(s)), the concrete pad upon which the same is located, any fence or other screening device, and the real property immediately adjacent thereto as reasonably necessary for the purposes described and intended herein.
3. Limitation of Easement. The easement granted herein is strictly for the permanent, non-exclusive, use of the Provider’s Refuse Collection System for the purposes described and intended herein and no other rights, privileges, licenses or easements are granted. Each User shall have the non-exclusive right of ingress, egress and regress (including pedestrian and vehicular) over and across the Provider’s said Lot 1 to, from and within the Easement Area for the use of the Refuse Collection System and the purposes of collection and removal of a User’s refuse. Provider shall not impound water; construct or install barriers; or, construct building or other improvements which might reasonably impair access to and the use of the Refuse Collection System within the Easement Area; but, Provider shall retain the fee simple ownership of the land subject to said easement.

4. Disclaimer of Warranties. **PROVIDER MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR FITNESS FOR A PARTICULAR USE OF THE REFUSE COLLECTION SYSTEM OR THE EASEMENT GRANTED HEREIN OR ANY PART THEREOF AND NO REPRESENTATION OR WARRANTY WITH RESPECT TO THE REFUSE COLLECTION SYSTEM OR THE EASEMENT OR ANY PART THEREOF GRANTED HEREIN IS GIVEN.** In no event shall the Provider be liable for any direct or indirect, incidental, special or consequential damage in connection with or arising out of the use of the Refuse Collection System or easement or the existence, functioning or use by anyone of any use or service provided for herein.

5. Care and Use. Each User, for itself, or any of its agents, contractors, tenants, sub-tenants, invitees, and/or employees, or the agents, contractors, tenants, sub-tenants, invitees, and/or employees of same hereby covenant and warrant that they shall only use the Easement Area and the Refuse Collection System for the purposes described and intended herein and shall not cause nor allow to be caused any action or omission of action which would cause any damage, including but not limited to environmental damage, to the real or personal property of the Provider and shall comply with all applicable laws, statutes, ordinances, rules or regulations that apply or may hereafter apply to the easement granted herein or to the uses for which the easement were created or intended.

6. Rules and Regulations. This Easement shall be subject to such reasonable rules and regulations as may be promulgated from time to time by the Provider, written notice of same to be made to each User of record, by first class mail, postage prepaid at its last known address.

7. Monthly Assessments. It is anticipated that the collection and removal of each User's refuse will be in common with the collection and removal of the Provider's refuse by a single third-party vendor/contractor. As such, each User shall be responsible for and shall bear one-sixth (1/6) of the cost and expense for the leasing, operation, routine maintenance and collection services fees directly related to the Refuse Collection System, it being agreed that the purpose of the Monthly Assessments shall be the payment of these expenses only. Provider shall establish the initial Monthly Assessments, based solely on the estimated expenses. Thereafter, Provider may adjust the Monthly Assessments from time to time to account for any change in the actual estimated expense of the Refuse Collection System as set forth in this paragraph. Any change in the amount of the Monthly Assessment shall become effective as determined by Provider, but in any event not earlier than thirty (30) days from the delivery of prior written notice of any such change sent to said User of record, by first class mail, postage prepaid at its last known address.

The Monthly Assessments shall be paid to the Provider by a User, directly or indirectly, on or before the first (1st) day of each month. A late fee charge of \$25.00 or five percent (5%), whichever is greater, shall be assessed for any Monthly Assessment not received by the tenth (10th) day of the month in which the same becomes due and payable. In the event of a User's default in payment of any Monthly Assessment, which is not cured by the twentieth (20th) day of the month in which the same becomes due and payable, Provider shall have the right to terminate said User's rights under this Easement upon written notice thereof and accelerate payment of balance of any outstanding assessments due at the time of said termination.

8. Special Assessments. In addition to the Monthly Assessments set forth above, Provider shall have the right to make reasonable repairs or replacements or to perform any work or modification to the Refuse Collection System directly related to the compliance with the uses contemplated by this Easement or to comply with the requirements of any applicable laws, statutes, ordinances, rules or regulations. Each User shall be responsible for and shall bear one-sixth (1/6) the cost and expense of such repair, replacement, work or modification. Sixty (60) days prior to the commencement of any repair, replacement, work or modification, written notice of the proposed endeavors, (and estimates thereof), shall be made to all User(s) of record, by first class mail, postage prepaid at its last known address. Payment of such Special Assessments shall be due within thirty (30) days of written notice of same. A late fee charge of \$25.00 or five percent (5%), whichever is greater, shall be assessed for any Special assessments not received within ten (10) days of the date in which the same becomes due and payable. In the event of a User's default in payment of any Special Assessments, which is not cured by the within twenty (20) days of the date in which the same becomes due and payable, Provider shall have the right to terminate said User's rights under this Easement upon written notice thereof and accelerate payment of balance of any outstanding assessments, due at the time of said termination.

9. Lien and Personal Obligation for Assessment(s). Each assessment provided for in this Easement, together with late charges, other costs, interest from and after the due date of such assessments at the rate of one and one-half percent (1 1/2%) per month and collection costs, including reasonable attorneys' fees, shall be a charge on and continuing lien upon a defaulting User's real property, when a notice of such lien has been filed with the Clerk of Superior Court of Orange County, North Carolina and in a manner provided in Chapter 44A of the North Carolina General Statutes, as amended; provided that such notice of lien shall not be filed until thirty (30) days after the same shall become due. Such notice of lien shall also secure any assessment(s) becoming due thereafter until the lien has been satisfied. ***Provider may bring enforcement of the lien in law or equity and Provider is specifically granted the power of sale and the right to foreclose the lien pursuant to Chapter 45 of the North Carolina General Statutes, as amended.***

In addition, each User shall be personally liable for any assessments which becomes due and payable. Each User shall be entitled to a statement from Provider setting forth an account of any unpaid assessments, late charges, other costs, interest and collection costs, and a grantee of said User shall not be liable for, nor shall the said User's real property conveyed be subject to a lien for any unpaid assessments in excess of the amount set forth in a true statement thereof.

10. Effect of Non-payment of Assessments. During any period in which a User shall be in default in payment of any assessments, the same not being paid within twenty (20) days of its due date, in addition to or in lieu of the other remedies contained herein, Provider may suspend the rights and privileges granted herein until all unpaid assessments, late charges, other costs, interest and collection costs have been paid in full. Additional costs and expenses incurred by a defaulting User may include the cost of "re-keying" of the Refuse Collection System necessitated by User's default and the resulting suspension.

11. Priority of Lien. The lien for assessments as provided for herein shall be prior and superior to all other liens except: (a) ad valorem property taxes; (b) the lien of all first deeds of trust, [and any second deed of trust should Provider agree to such subordination in a writing duly recorded; a User shall be entitled to and Provider shall grant such subordination if a User is current on all

assessments and has made timely payment of same for six (6) months preceding such subordination request, the preparation of which shall be at no cost to Provider]; or (c) any lien of record prior to the recording of this Easement. The sale or transfer of a User's real property shall not affect the assessments against such real property; provided that the sale or transfer of a User's real property pursuant to a foreclosure sale, execution sale, or deed in lieu of foreclosure by the holder of a first deed of trust or a superior lienholder shall extinguish the lien against the User's real property, but no such sale or transfer shall relieve such real property from liability for any assessments thereafter becoming due or for any future lien in connection therewith. Provider shall share in the excess, if any, realized by the foreclosure or execution sale instituted by the holder of a first deed of trust or a superior lienholder, in accordance with the provisions of Chapter 45 of the North Carolina General Statutes, as amended.

12. Indemnification. Each User, to the extent allowed by law, shall hold Provider, its successors, heirs and assigns, harmless and indemnify the same from and against any and all claims, judgments, transgressions, losses, demands, damages, penalties, fines, costs and liabilities, (including sums paid in settlement of claims), or causes of action of any kind, character or nature, known or unknown, at law or in equity, in contract, tort or under statute or otherwise, for, or in connection with, any environmental matter, accident, loss of life, injury or damage whatsoever caused to any person or property, and from payment of monies or otherwise, arising directly or indirectly, out of the use or related to or arising out of the operation of the rights and easements granted herein and from and against any and all costs, expenses and liability incurred, including reasonable attorney's fees, consultant fees and expert fees, (with attorneys, consultants and experts selected by the Provider, its successors, heirs and assigns), in connection with such claim or proceeding. The indemnification provisions contained herein and borne by a User shall extend to (a) any act of negligence; (b) any violation of applicable laws, statutes, ordinances, rules or regulations; and/or (c) the breach of any covenant or warranty of this Easement by a User or any of its agents, contractors, vendors, tenants, sub-tenants, invitees, and/or employees, or any agent, contractor, vendor, tenant, sub-tenant, invitee, and/or employee of same; provided Provider shall not be held harmless from liability caused by the active conduct or instrumentalities of Provider, its agents, contractors, vendors, tenants, sub-tenants, invitees, and/or employees, or any agent, contractor, vendor, tenant, sub-tenant, invitee, and/or employee of same or by acts or omissions which violates the terms and conditions of this Easement. The indemnification provisions contained herein shall survive the termination, extinguishment, lapse or abandonment of the Easement granted herein.

13. Non-Financial Violation. In the event Provider is of the commercially reasonable opinion that a User is in non-compliance or violation of the terms, conditions or restrictions of this Easement, Provider may immediately suspend the rights and privileges granted herein until said non-compliance or violation is cured. Contemporaneously with such suspension, Provider shall provide written notice of the non-compliance or violation to the violating User of record, by first class mail, postage prepaid at its last known address and said notice shall be reasonably descriptive to appropriately identify the non-compliance or violation. If the non-compliance or violation is not cured by the within thirty (30) days of the date of the written notice, Provider shall have the right to terminate said User's rights under this Easement upon written notice thereof and accelerate payment of balance of any outstanding assessments, due at the time of said termination.

14. Covenants Running with the Land. The rights, easements and obligations of this Easement shall run with the land and shall inure to the benefit of, and shall be binding upon, Provider and each User, their successors, heirs and assigns.

15. Governing Law. This Easement shall be governed by and construed under the laws of the State of North Carolina.

16. Headings. The section headings as set forth in this Easement are for convenience or reference only and shall not be deemed to vary the content of this Easement or limit the provisions or scope of any section herein.

17. Pronouns and Terms. In this Easement, whenever the context so requires: (a) the masculine gender includes the feminine and/or neuter; (b) the neuter includes the feminine and/or masculine; (c) the singular includes the plural; and (d) the use of the word "including" shall not be deemed to limit the generality of the term or clause to which it has reference, whether or not non-limiting language (such as "without limitation," or "but not limited to," or words of similar import) is used with reference hereto.

18. Modification and Waiver. A modification of any of the provisions of this Easement shall be effective only if made in writing and executed with the same formality as this Easement. The failure of either party to insist upon strict performance of any of the provisions of this Easement shall not be construed as a waiver of any subsequent default of the same or similar nature.

19. Severability. It is expressly understood and agreed that in the event of any one or more of the provisions of this shall be unenforceable for any reason, the remaining portions of this shall, nevertheless, remain in full force and effect, and the unenforceable provision or provisions shall be reformed to form enforceable provision or provisions consistent with the intent of the parties as evidence herein.

20. Binding Effect. This Easement shall be binding on the parties, and their respective officers, owners, partners, members, directors, shareholders, agents, contractors, vendors, tenants, sub-tenants, invitees, and/or employees, or the agents, contractors, vendors, tenants, sub-tenants, invitees, and/or employees of the same, and their respective successors, heirs and/or assigns.

21. No Merger. **In the event that there is an identity of interest between Provider and a User, such that the interests are identical or mutual, no merger of such interests shall be deemed to occur.**

[remainder of page intentionally left blank]

TO HAVE AND TO HOLD all the rights, privileges and easements as aforesaid, in, under, upon, upon, along and through said premises, for the past, present and future use thereof and for all purposes which a User is authorized by law to use or subject the same.

And Amity Station, LLC the Provider covenants with each User, that Amity Station, LLC is seized of the premises in fee simple, has the right to convey the same by easement as indicated, that title thereto is marketable and free and clear of all encumbrances, and that Amity Station, LLC will warrant and defend the title against the lawful claims of all persons whomsoever, other than the following exceptions:

- Restrictions, covenants, easements and rights-of-way of record.
- Ad valorem property taxes for current and subsequent years.
- Such matters as would be disclosed by a survey and physical inspection of the subject property.
- This conveyance is made, and each and every User, upon recordation of this instrument, acknowledges and accepts the subject property in its “AS-IS, WHERE-IS” physical condition and “WITH ALL FAULTS”, and other than the title warranties contained in this instrument, this conveyance is made without any representations or warranties of any kind, express or implied, including without limitation, any representations or warranties of habitability or merchantability.

318 Rosemary Mixed – Use
318 W Rosemary Street
Chapel Hill, NC 27516

To Whom It May Concern,

GFL Environmental is a private waste collector headquartered in Raleigh, NC. We verify that we have reviewed the plans dated 17 March 2017 (Sheet C200), provided by Coulter Jewell Thames P.A.. Based upon these plans, GFL Environmental has the capabilities to provide municipal solid waste and commingled recycling service to the project at 318 W Rosemary Street, located in Chapel Hill, NC.

Regards,

Re: 318-324 W. Rosemary Mixed-Use
Site Plan
Stormwater Impact Statement

To Whom It May Concern:

These projects located at 318-324 W. Rosemary Street are considered to be a larger common plan of development by the Town of Chapel Hill's Stormwater Management Department. Proposed work involves the redevelopment of the project sites with the construction of multifamily buildings and the associated infrastructure. The sites are located in the Jordan Lake sub-basin of the Cape Fear Basin and is not inside the Chapel Hill Watershed Protection District.

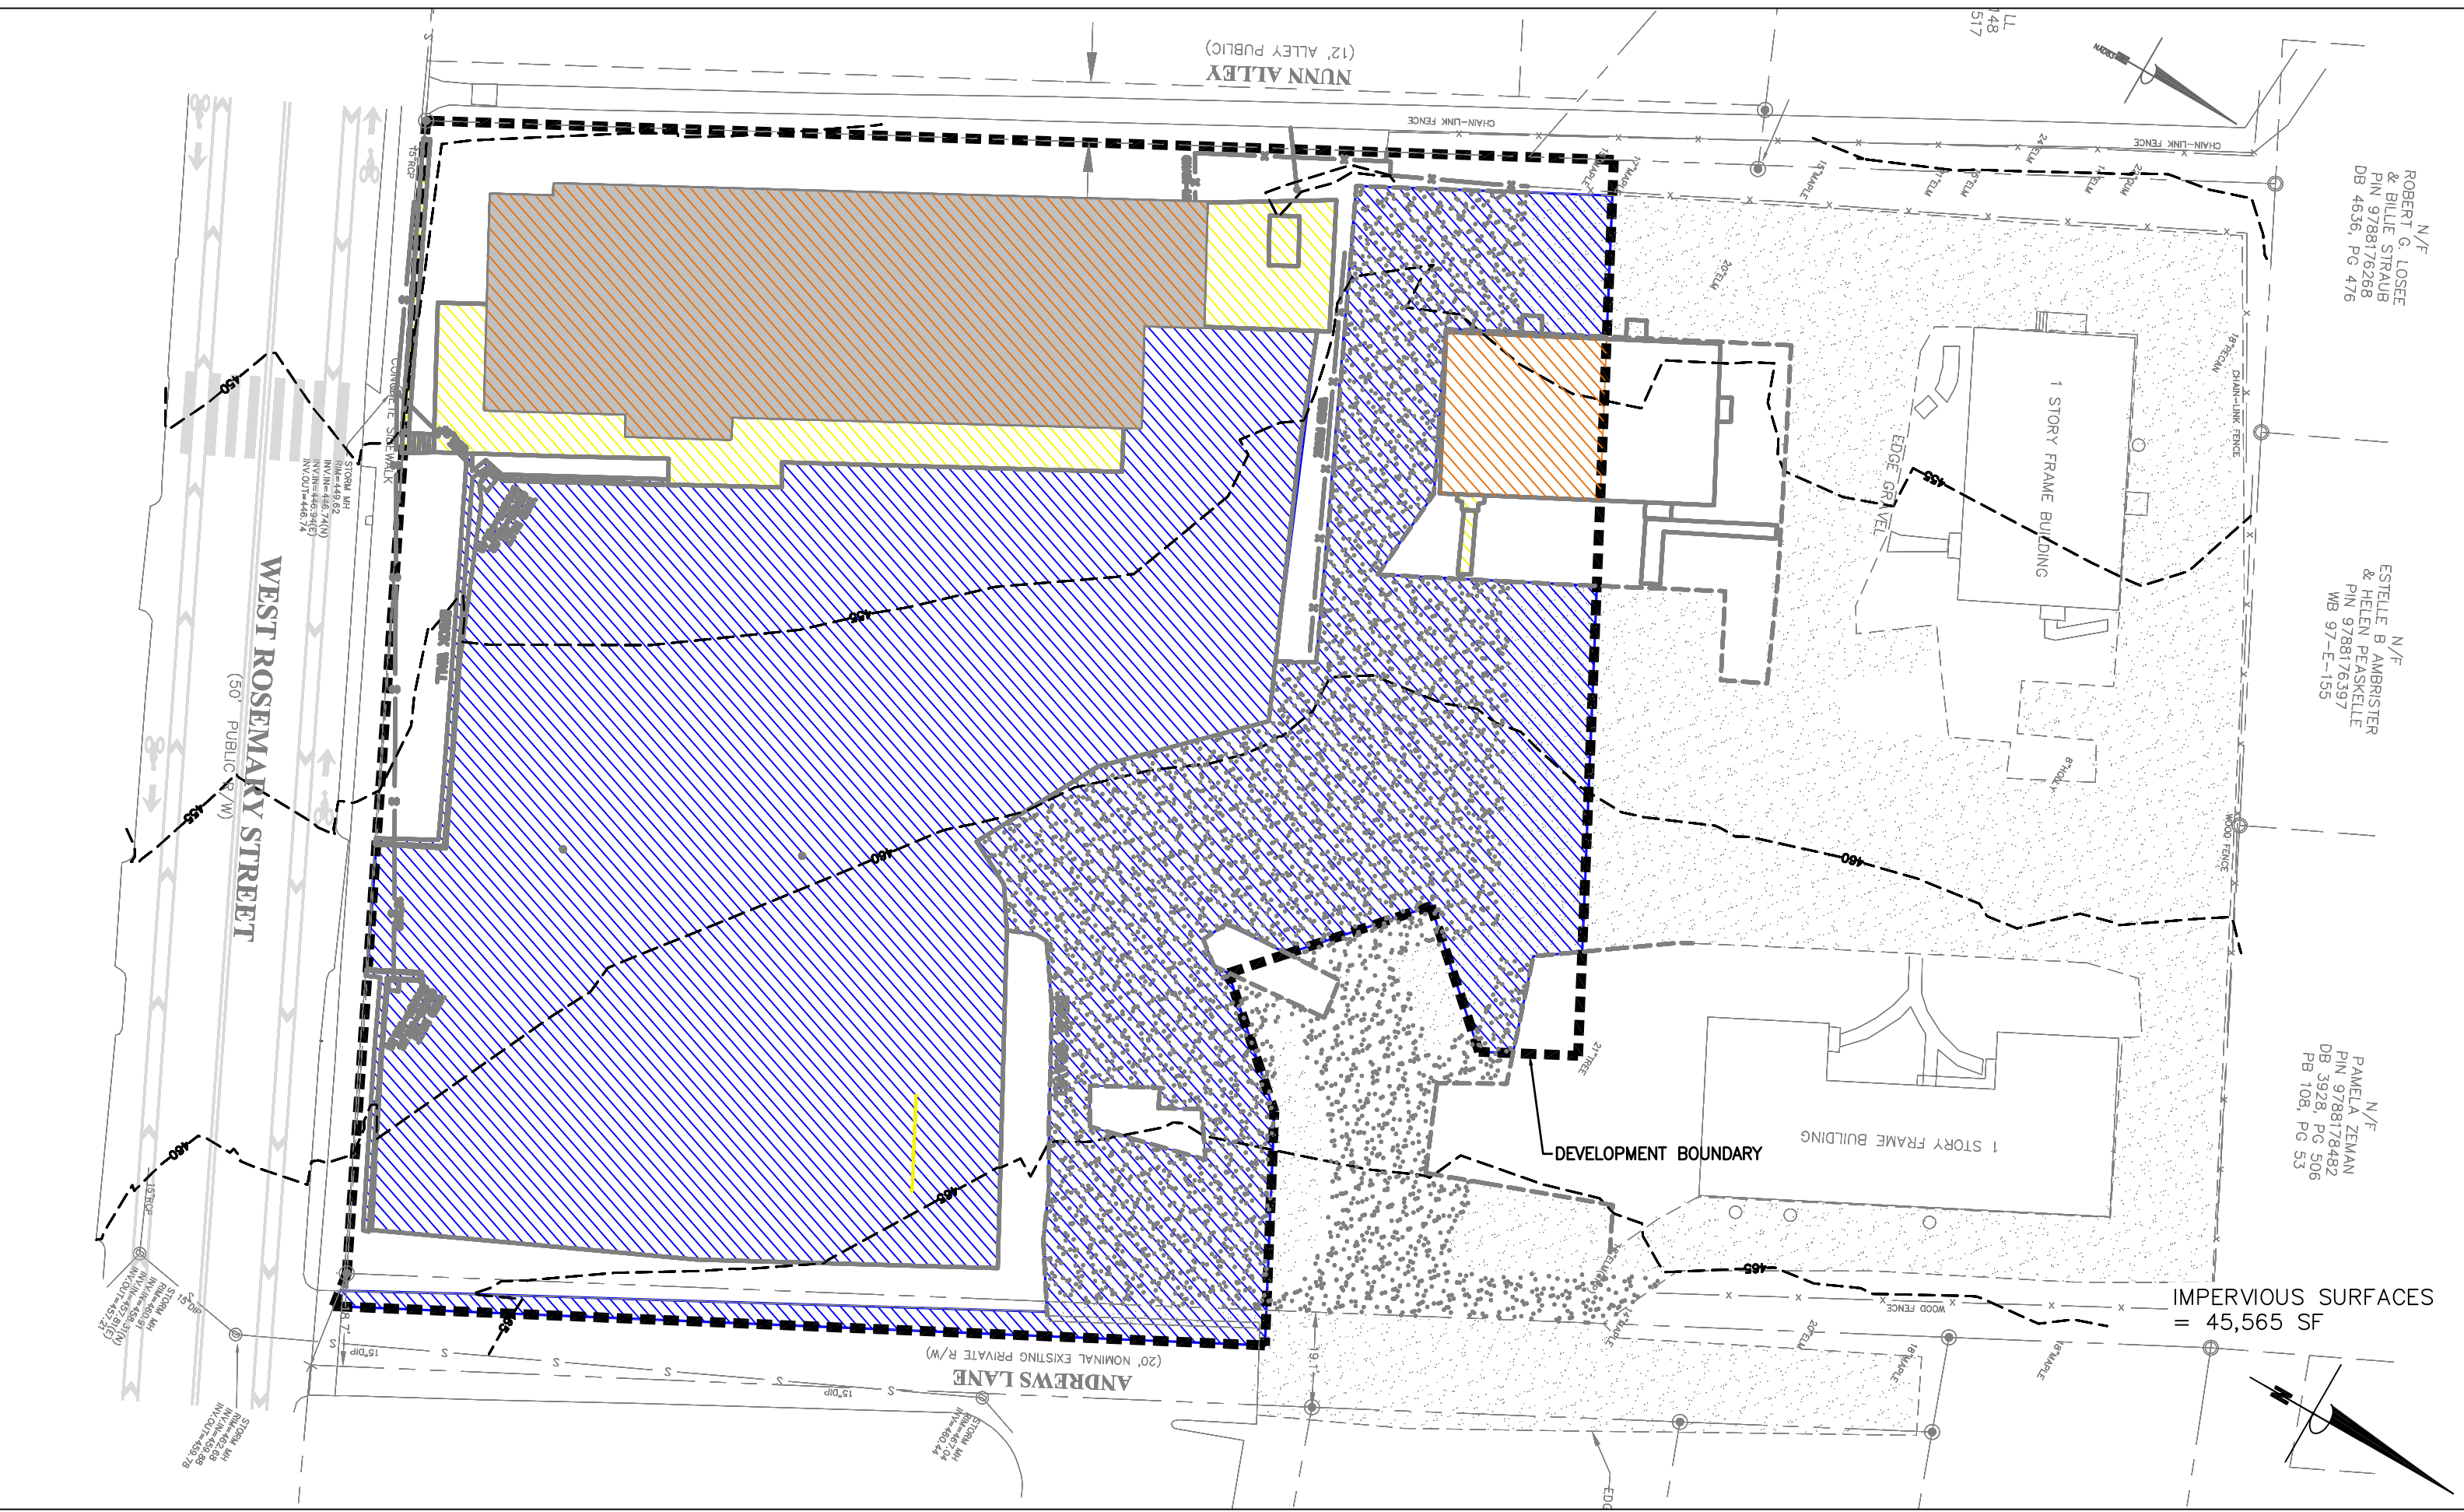

As a result of the proposed development, there is a decrease in impervious surface proposed for the entire site. The proposed development does not alter the current drainage patterns. As a result of the proposed decrease in impervious surface, there will be no increase in peak flow or runoff volume for this project. Additionally, since there is no net increase in impervious surfaces, no treatment for 85% TSS removal is proposed. For these reasons, no stormwater BMPs are proposed for this project. In addition, no stormwater impact statement has been prepared for this project.

Please feel free to contact me should you have any questions or comments.

Sincerely,
Coulter Jewell Thames, PA

Re: 318, 320, 322, 324, 326 Rosemary Mixed Use
TIA Exemption Request

To Whom It May Concern:

This cover letter is a formal request for a TIA exemption, as outlined in the support materials, for the Site Plan submittals for 318 through 326 West Rosemary St. Although the five projects identified above are being submitted and permitted separately, we have chosen to evaluate the collective traffic impact, as a worst case scenario. As outlined in the attached materials, if all five projects were completely built out, the total Average Daily Trips would result in a net reduction from the existing, which would qualify this project for an exemption, as outlined in the Chapel Hill Guideline for Traffic Impact Analysis (less than 500 net trip increase or 250 vehicles per day).

We have submitted the attached documentation and are waiting for approval to submit the formal request.

Please feel free to contact me should you have any questions or comments.

Sincerely,
Coulter Jewell Thames, PA

Jeremy S. Anderson RLA
Project Manager

**Trip Generation Rates Summary
Proposed Rezoning, Chapel Hill, NC**

Trip Generation Results									
Land Use Code	Land Use	Unit	ADT	AM Peak Hour			PM Peak Hour		
				Enter	Exit	Total	Enter	Exit	Total
220	Apartment	100 du	665	10	41	51	40	22	62
710	General Office	5,500 sf	61	8	1	9	1	7	8
932	High Turnover/Sit Down Restaurant	-6,900 sf	-877	-41	-34	-75	-41	-27	-68
	<i>Development Total</i>		<i>-151</i>	<i>-23</i>	<i>8</i>	<i>-15</i>	<i>0</i>	<i>2</i>	<i>2</i>

Notes:

1. Land Use Code was determined based on ITE Trip Generation, 9th Edition
2. Due to the small sizes of the proposed uses, trip generation was conducted based on average rates.
3. To be conservative, internal capture between mixed uses was not assumed.
4. To be conservative, multimodal reduction was not assumed.

Kumar,
See attached from VHB. The removal of the Breadmen's restaurant nets an overall trip reduction for the potential project. Please confirm this meets the criteria for exemption.

With your authorization, we will send a \$350 check fee to Town, via your office.

Kumar,

I forgot to mention that was the trip generation provided, this does not deduct the existing traffic generated by the current use (Breadmen's restaurant). Even though the Trip Generation provided is below the 500 required to require a TIA, the deduct of the existing use would deduct the net increase well below.

Sorry for omitting this from my previous email.

Thanks

Thanks Kumar,

Please find attached the information you requested to evaluate this request.

Attached is the trip generation prepared by VHB and a site exhibit showing the location of the driveway. This would be the only driveway for the project, and as outlined previously, we do not have a site plan prepared that parking, but you can assume a surface parking lot.

With your authorization, we will send a \$350 check fee to Town, via your office.

Thanks

Hi Jeremy,

In order to review and approve TIA exemption we need to understand the traffic circulation including any changes to the driveways. Therefore, We need to see at least a preliminary site plan.
Thanks.

On Mar 21, 2017, at 5:38 PM, Jeremy Anderson <janderson@cjtpa.com> wrote:

Chuck/DeAngelo,

We submitted Site Plans to the Town of Chapel Hill yesterday for five separate site plans on W. Rosemary Street. Each project is Mixed-Use, with 20 residential units and 1,000sf of office, and parking under the building.

The five site plans are immediately adjacent to each other, have been submitted as separate projects, but would ultimately share one driveway access onto West Rosemary Street. Attached are the Site Plan sheets from each of the submittal packages.

We understand West Rosemary St. is a Town street, not NCDOT's, thus before sending you a truck load of paperwork to review, I wanted to send PDF's and ask if you wanted full hard copy site plan package for each of the five Site Plans to review.

Lastly, we have requested a TIA exemption from Kumar. Per the attached Trip Generation, the ADT for the five combined projects nets an overall reduction in trips based on the fact that the existing restaurant use on this site would go away with the construction of this project.

Please advise if you do want paper hard copies of the 5 separate plans sets.

Thanks

Subject: 318-326 W. Rosemary

Jeremy and Preston,

I reviewed the 5 sets of drawings and have comments for you to address:

- Backflow preventers must be located outside.
- If any of the "Business" areas will be for restaurants or food prep, include exterior space for grease interceptor. If it is known that a restaurant will be at any of the units, submit information for grease interceptor
- Shift dry fire line to be at least 10-ft away from sanitary sewer mains, manholes, and meter vaults.
- If there will be any floor drains, from interior parking areas, connecting to sanitary sewer, include oil water separators.
- If there will be hydraulic elevator shafts that need a discharge to sanitary, include a device to keep oil from being pumped. Don't know if Stancore's Oil Minder is still around but that device is specifically approved.
-

If these are 5 different projects with different schedules, we will need to treat them as separate projects. Since each includes only new service connections to existing main, permitting via DWR won't be necessary but each project will require the following items:

- Project Fact Sheet
- Payment of Plan Review fee - \$200 per project, required with your next submission. We will need to collect payment for the Construction Observation fee before we can approve construction drawings.
- Certificate of Compliance
- Meter Request Form

Please plan to submit the next round by email or link. Most of us will be working from home for a while.
