

2025 Revaluation Presentation – Chapel Hill

April 16, 2025

Nancy Freeman
Orange County Tax Administrator

What is Revaluation?

- Process of updating real property tax assessment to market value and present-use value as of a single appraisal date
- Primary goal is to equalize tax base
- Re-establish the fairness of the tax burden between properties, which change in value at different rates by location and property type.
- All residential and commercial land throughout Orange County and permanent structures
- **Does not** include Personal Property which is reappraised annually
- Required by NC General Statutes: NC law requires all counties to revalue real property at least once every 8 years, Orange has adopted a 4 year cycle.

Equalization Example

Reappraisal purpose is equalization of assessed value so that all property owners pay at 100% of market value. This shows how the market value evolves in the years between revaluations between two homes in the same neighborhood.

- At the 2021 revaluation, Home A is assessed at \$205,100, tax bill of \$640. Home B is assessed at \$295,300, tax bill of \$920.
- Both of these homes sell for \$320,000 in 2023
- Even though both properties sold in 2023 for a higher amount, the value and tax amounts do not change for either property in 2024. As a result, in 2024 Home A is paying a property tax bill that is based on only 64% of its market value, while Home B is paying property tax based on only 92% of its market value.
- At the 2025 revaluation, both homes are valued at \$320,000, and the 2025 property tax bill for each home is \$1,000.

Residential Appraisal

- Residential properties valued by Orange County Appraisal Team
 - Each appraiser is certified by the North Carolina Department of Revenue (NCDOR)
 - Must pass required courses & maintain certification with continuing education
 - Must attend NCDOR Sales-Qualifying Training
- Each sale in Orange County is reviewed and categorized as qualified or non-qualified sale
 - “Arms Length Transaction” = Qualified Sale
 - Purpose is to eliminate sales not indicative of a fair market transaction
 - Two years of sales included in sales bank used to shape the values for the revaluation.
 - [Sales bank](#) is available on our website. 8,613 sales range from January 1, 2021 through December 31, 2024.

Comparison to Other Counties

- ❑ Orange County estimates 52% increase countywide
- ❑ Survey of counties conducting a revaluation in 2025
 - ❑ Average county-wide growth of 58%, median of 56%
 - ❑ Range from 25% to 73%
 - ❑ Twenty-two counties included in the survey
- ❑ Fifteen of these counties held a revaluation in 2021
 - ❑ Average County-wide growth of 53%, median 56%
 - ❑ Range 25% to 67%

Mandatory Revaluation

In counties with rapid property value changes, state law may require earlier reappraisals. North Carolina Department of Revenue (NCDOR) monitors the amount of change in property values by reviewing the sales ratio between revaluations.

- If sales ratio becomes too high or low, NCDOR mandates the county to conduct a revaluation sooner.
- Orange County's marked growth in real estate prices since 2021 led the state to mandate a reappraisal by January 1, 2025.
- Since Orange County conducts revaluations every 4 years, our next reappraisal already set for 2025 but would not be allowed to postpone it.

Neighborhood Reviews

Approximately 10,000 field reviews completed.

This is three times more than were completed prior to the 2021 Revaluation.

- ❖ 2021 Field Review Count affected by COVID restrictions

Field reviews were planned to target specific issues, such as neighborhoods that experienced a large number of appeals, properties with a large gap between effective and actual year built, commercial properties, multi-address properties.

*Current Revaluation Results

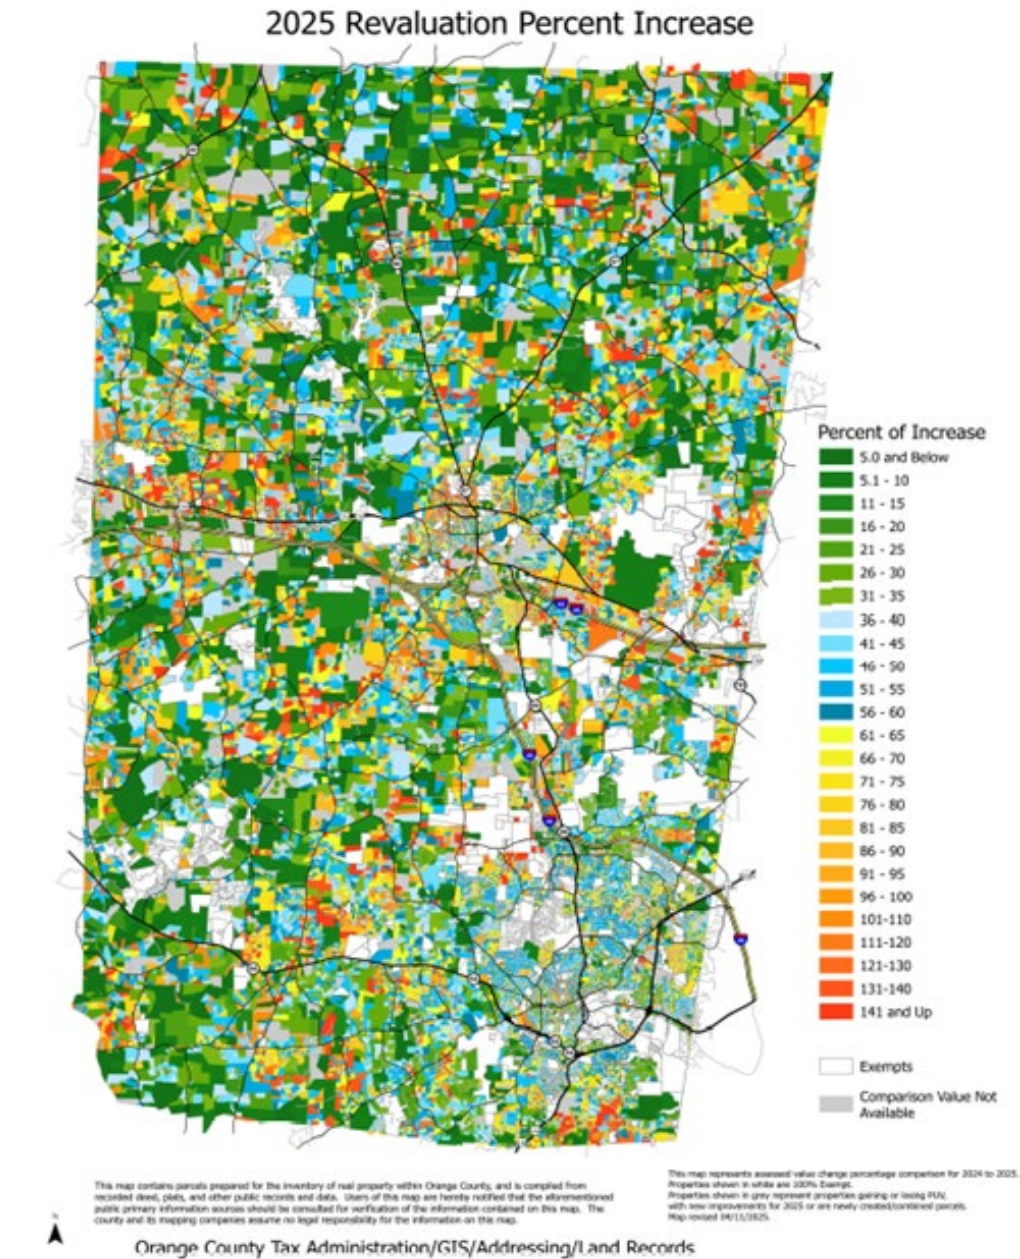

2025 All Properties	Estimated Assessed Value	Percentage Change
County	\$31,163,727,010	52%
Carrboro	\$3,891,959,083	47%
Chapel Hill	\$12,408,912,093	46%
Hillsborough	\$2,196,107,417	49%
Mebane	\$1,120,894,857	47%
* These values are not final.		

Current Revaluation Results (continued)

2025 Estimated Median Home Values

	Median Assessed Value	Median Sale Price
County	\$509,200	\$530,000
Carrboro	\$604,950	\$700,000
Chapel Hill	\$692,350	\$756,250
Hillsborough	\$427,500	\$477,500
Mebane	\$363,800	\$397,500

Current Revaluation Results (continued)

Current Revaluation Results (continued)

Chapel Hill Commercial Versus Residential

- The total Chapel Hill tax base is 71.8% residential and 28.2% commercial.
- The residential tax base has increased by 53.4%
- The commercial tax base has increased by 30.2%
- The overall increase is 46.1%

Revaluation Notice Mailing

Notices to be mailed mid-March, will include:

- Valuation Notice
- FAQ in English & Spanish: revaluation basics
- New Simplified Informal Appeal Form

How are Property Taxes Determined?

The total value of all taxable property in the county is called the tax base. County agencies and departments submit annual operating budgets that are reviewed by the Budget office and the County Manager's office. The total budget is submitted to the Board of County Commissioners (BOCC), who sets the tax rate used to calculate tax bills. This is done when the budget is adopted each June. A similar process is completed for Hillsborough and other municipalities.

Revenue Neutral Tax Rate

- The Revenue Neutral Tax Rate is the property tax rate that would generate the same tax levy on the county or town's new, post-reappraisal tax base as the county or town received in the past fiscal year on its existing tax base.
- Each revaluation year, counties and towns must publish the Revenue Neutral Tax Rate. This is done so that taxpayers can determine if their county or town has increased or decreased its total property tax levy following a county-wide reappraisal of real property.
- While a county must calculate and publish Revenue Neutral Tax Rate, it is not required to adopt it as the actual tax rate for the coming fiscal year.
- Orange County Board of Commissioner Meeting tonight, April 15. A presentation on the Revenue Neutral Tax Rate provided by the County Manager and the Budget Director. To review the agenda for the presentation:
