Hello City Council.

Just wanted to add another voice of support for extending the Libba Cotten bike path to UNC. I live in downtown Carrboro, and I would actively use this bike path, if it existed, along with my family, to travel around downtown more than I currently do.

Thank you for your support.

I love the design I have seen for new protected bike lanes on Cameron Ave. I offer bike on Cameron and would feel much safer with those lanes. Please please do this when the repaving occurs.

Hello,

I'm writing to show my support for the Libba Cotten two-way protected bicycle path extension to UNC's campus. This would do wonders for traffic in the surrounding areas, promote sustainable transit options, and also make the town more livable to people outside of cars.

Thanks!
