Subject: traffic patterns with CHHS renovation

Dear Mayor and Town Council members,

As a parent of a current and a future CHHS student, I am very concerned about and very against the current proposal for the traffic flow, with the 4-lane entrance to CHHS from Seawell School Rd using the current Smith bus entrance. The wait times leaving that location are WAY too high and makes me wonder about the sanity of anyone who proposed this but even more so of anyone who is working to get it to pass when a good alternative is proposed (<http://chapelhill.meambeam.com>) that would shorten wait times AND have less car-idling pollution for the kids to breathe on the athletic fields.

I understand that the school board is wanting the current proposal to go through so construction can begin, and maybe you already voted on it already, but if you haven't, I say no. If we end up paying an extra \$3M for the construction by waiting, maybe we can get whoever proposed this scenario and worked on it going through for this long to pay for the additional cost.

In peace. Ti
