Responses to Council Questions**

**ITEM #2: Consider the Final Budget and Related Items for FY 2023-24**

**Council Question:**

What is the \$561,354 in new Planning Grants funds for?

***Staff Response:***

*The grants that are now included in the budget are the Transit Demand Management (TDM), Section 5303, and STPDA. These three grants are included in the Adopted Budget annually. This year, the budget includes year 2 of the BCBS BIC Grant. At the time of the Manager's Recommended Budget these grant awards had not been made.*
