**What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?**

---

I am interested in serving on these Boards primarily because I have lived in Chapel Hill for 33 years and want to promote the well-being and prosperity of the place I love and have come to call home. I would like to participate in Town discussions of planning, environmental strategy, community design, and housing. These four areas are crucially important to the growth, thriving, and future of Chapel Hill and I would like to share in decisions affecting them. I raised my daughter here and care deeply about public issues like green space, education, parks and recreation, and livability. Having worked at UNC for 33 years as a professor of English literature and language, I will approach public service with an educated, experienced, humanist outlook. I know Chapel Hill intimately, care about its people, and have been a part of its workforce for a long time. Issues of livability, conservation, and progress are deeply meaningful to me. Originally from South Africa and long resident in the United States, I believe I have much to offer as a woman, a mother, a teacher, and a writer. I lack direct professional experience but am eager to learn and can bring to the position the benefits of long work/life experience and a cosmopolitan education.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

---

I have a humanist education, acquired in Johannesburg and Toronto, which has given me skills in analysis, logic, critical thinking, effective writing, and various aspects of aesthetics. My Ph.D is in English literature, a field in which I have published. I have over forty years of college teaching experience in three countries. As a professor at UNC I'm familiar with the workings of a great institution and have spent many years working with people -- as a colleague, administrator, teacher and mentor. I'm deeply interested in town planning, environmental issues, and housing and continue to read widely about community building, place-making, and design.

Question applies to Planning Commission

**Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.**

---

Environmental studies is one of my professional interests -- including the study of town planning and design.

## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

---

Members of advisory boards and commissions shall not vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to General Statute 160D-109(d), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member shall recuse himself/herself from voting on the matter. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

## Summary Resume for Chapel Hill Boards and Commissions

Education: Duke University; Durham, NC: BA in Sociology --- Univ. of Puerto Rico; San Juan, PR: Master of Planning (Urban, Regional, Social, Economic) --- UC-Berkeley; Berkeley, California; PhD in City and Regional Planning --- Georgia State University College of Law; Atlanta, Georgia: Juris Doctorate (JD).

Work Experience: My work experience extends over fifty-seven years, since I graduated from Duke University in 1965 -- when I first went to work in DC in the think tank of the "War on Poverty". I learned from and still consider relevant all my work experience. Due to a lifelong disability of mental illness of depression, first diagnosed at Duke University in 1962; my extended education; and going on Social Security Disability Insurance in 1992 - most of my work experience has transitioned over time from past paid employment work to diverse and ongoing volunteer work over a period of thirty years. I also consider all of my Lived Life Experience quite relevant. Detailed resumes of my employment and volunteer work are available.

Publications/Presentations: My publications relate to my past fifteen-year academic and professional residence and work in Puerto Rico -where I learned Spanish, and experienced acculturation, such that I now consider myself bicultural/biethnic. Those publications include Politics and Population in the Caribbean, and Development Planning and Population Policy in Puerto Rico (my PhD dissertation for UC-Berkeley). My presentations include a long list about Social Security Disability Work Incentives presented at many Disability Advocacy Conferences (detailed list available).

Honors: My honors are primarily volunteer service on multiple boards, etc. including: Wake County Human Services Board to represent persons with mental illness -- until services divested under Mental Health Medicaid Waiver to Alliance. Then served maximum of two terms on Wake County Consumer and Family Advisory Committee (CFAC). (Pending member of Orange County CFAC.) Member of NAMI-NC Board of Directors (several years).

Have served on three NC Protection and Advocacy (P&A) Boards, and also on their Protection and Advocacy for Persons with Mental Illness (PAIMI) Advisory Councils: (1) Governor's Advocacy Council for Persons with Disabilities (GACPD), (2) Carolina Legal Services (CLA). and (3) Disability Rights North Carolina (DRNC). Current Member of Monarch NC Board of Directors (several years).

Chapel Hill Board Experience

**What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?**

---

I have a masters' degree in City and Regional Planning from UNC Chapel Hill and have worked as a professional planner since 2013. In my current job, which is located in Chapel Hill I have held since July 2019, I work with local governments throughout the country to help them plan their communities and make comprehensive revisions to their development codes. That has proven very helpful during my service on the Board of Adjustment, and I think will be a very helpful perspective on the Planning Commission, especially as the town undertakes its own development code rewrite. In addition, my primary means of transportation is my electric bike and I perform most of my regular errands such as grocery shopping via bike. Relying on my bike for transportation gives me a good perspective into how and where Chapel Hill succeeds in making it easy to live, work, and play without relying on a car, as well as where the Town falls short. In light of the growing threat of climate change and our desire to increase the Town's commercial tax base, relieving residents of some of the Town's relatively high property tax burden, I think my perspective using very low-carbon means of transportation would be useful as the town considers its future development patterns.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

---

As discussed above, I am a professional planner. I have a law degree (I am not admitted to practice in the North Carolina), which helps me understand the legal limitations around the types of zoning regulations that the Town can implement and enforce, as well as the role of the Board of Adjustment in adjudicating appeals from decisions of the Planning Commission and the Historic District Commission, among others, and the Planning Commission's role as a decision-making body and as an advisory body. In addition, I have served as chair of the Board of Adjustment where adherence to procedure is critical, due to the quasi-judicial nature of our proceedings, and have become comfortable with running a meeting and using Robert's Rules of Order.

Question applies to Board of Adjustment

**Do you have special interest, experience, or education/training in city planning or related fields? If yes, please explain.**

---

Yes. As discussed above, I have a master's degree in City and Regional Planning from UNC and have worked as a professional planner for nearly ten years, and an important part of my current job is drafting zoning ordinances, including procedures for boards of adjustment and drafting the standards that apply to the boards' decisionmaking. I have served as chair of the Board of Adjustment since last summer and am familiar with the rules of adjudicating meetings, both in my role as chair and from my professional work.

Question applies to Planning Commission

**Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.**

---

Yes. As discussed above, I have a master's degree in City and Regional Planning from UNC and have worked as a professional planner for nearly ten years. For five years I worked at GoTriangle on various regional transit-related transportation planning projects, and since that time I have worked for a local private consulting forms on planning projects throughout the southeast and the nation, primarily involving updates to zoning and subdivision ordinances.

I'm a participant in The Chamber for a Greater Chapel Hill-Carrboro Leadership 2022 Cohort. Part of our program includes getting involved. Chapel Hill is my hometown. I have moved back home after living outside of the state since graduating from college, hence my years as a resident is split between childhood and recent return.

Question applies to multiple boards

**How do you describe your previous advisory board experience?**

---

Little or No Experience

**What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?**

---

As a native Chapel Hill resident, whose family is connected for several generations, I see the changes and understand the need for harmony between historical charm and economic development. In my 29+ years of ministry and pastoral work in northern and midwestern states, I've always contended that Chapel Hill is a unique and special place to live. It is my desire to ensure our growth while maintaining our integrity.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

---

My interest in serving on this board is based upon my love and loyalty to Chapel Hill life! As a child, we knew experienced our hometown in two distinct sects; the campus life and the residential life. Downtown Chapel Hill was the place where the two towns intersected with greater ease. From my careers in public school education, financial management, government contracting, and community engagement via the pastoral ministry my skills and abilities are multi-faceted.

Question applies to Planning Commission

**Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.**

---

I have not worked in these departments, but having served as a pastor for many years in Detroit, I've assisted congregants as they have navigated the impact of planning commission decisions. However, as a native of Chapel Hill, my most significant interest is in the future of my hometown.

My general approach to service on the Planning Commission entails listening and learning, collaboration, and proactive engagement.

**How do you describe your previous advisory board experience?**

Non-Chapel Hill Board Experience

**What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?**

I love living in Chapel Hill! And I am immensely grateful that as a federal retiree and parent of school-aged children, I was able to move here, where I spent my early childhood, with my hardworking husband and our immigrant family. At the same time, I know many newcomers and/or those whose labor ensure our comfort and wellbeing cannot afford to be our neighbors. Through my parish's support with rental assistance to an Afghan family, as well as other outreach work, and based on my review of ARPA grant applications after completing the 2022 Peoples Academy, I am aware of the great income disparity in our community and additional complicating factors including food insecurity that further widen the gap. With ongoing development, I would like to be a voice for more truly affordable and workforce housing in Chapel Hill. Though I am white, my husband and our children aged 8, 11, 14, and 20 are originally from Congo; so I would also bring their perspective (and experiences with school authorities and law enforcement) as recently arrived immigrants of color to any assignment.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

In my 23 years as a U.S. diplomat, I led large, small, and culturally diverse teams in seven countries and in Washington, DC. Prior to my Foreign Service career, I worked in local economic development in the State of Indiana, so I also understand the need to attract investment and create jobs. I speak Spanish and French fluently.

Little or No Experience

**What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?**

---

I'm interested in serving on the Planning Commission because I love living in Chapel Hill and hope to offer my perspectives in a manner that results in positive and useful contributions to the Commission and the Town. In particular, I'm interested in working to find solutions that balance the growth of this region while preserving the qualities that make this place special. As a husband and father of two biracial children - both of whom were born at UNC Medical Center - I'm interested in working collaboratively with others to make Chapel Hill a place that welcomes people of all races, ethnicities, religions, orientations, and backgrounds — and that opportunities remain available to all. I believe diversity/equity/inclusion should be a foundational aspect of any decision-making body, including the Planning Commission, and would seek to promote that view if offered an opportunity to serve on the Commission. Finally, I care deeply about the environment and believe efforts should be made to protect it. Our family loves to spend time together outside - we regularly enjoy activities such as walking through Hunt Arboretum, fishing along Morgan Creek, and taking our kids to the playground at Umstead Park. I strongly believe that Chapel Hill's natural spaces not only increase quality of life, but provide financial value to the Town and its residents, and as such, projects that drastically impact or reduce natural spaces should be considered carefully.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

As a regulatory lawyer, I tend to approach issues with an eye toward understanding the key issues, the applicable rules and regulations, and the goals of the interested parties. I frequently assist clients with complex legal issues, and am well-versed in statutory interpretation. One common aspect of my work is to ask questions to find clarity and understanding. I believe that my legal background could be a useful resource for the Planning Commission. Likewise, working with clients often requires patience and humility, and I would bring those qualities to my work on the Planning Commission. Lastly, as a former federal employee, I believe public service is important, and that such service can offer meaningful opportunities to shape the communities we live in.

Question applies to Planning Commission

**Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.**

Yes - I am very interested in working with stakeholders to promote environmental sustainability, identify potential solutions related to housing availability and food insecurity, and encourage growth that aligns with the natural beauty of this area.
