## Ethics Statement

## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

---

Members of advisory boards and commissions shall not vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to General Statute 160D-109(d), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member shall recuse himself/herself from voting on the matter. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

---

I used to work for the Transportation for America campaign within Smart Growth America. I was the Field Director for the campaign and worked to engage stakeholders that were supportive of transportation policies that promoted a transportation system that supported environmentally sound, equitable, economically strong communities. Some of the relevant work that I did there included education around well-designed streets that are safe for all users, including bicyclists and pedestrians (Complete Streets) and the importance of access to public transit. I am passionate about supporting a holistic approach to transportation that makes it possible for all people to have transportation options, including biking, walking, and transit. I conducted focused education on ways that our transportation system could better serve distinct populations, including minority populations in urban areas, senior citizens, people in rural areas, Millennials, and suburban commuters. I built coalitions that included representatives from organizations as diverse as the Nashville Chamber of Commerce, the Urban League, the Navajo Nation Department of Transportation, the AARP, and local and national bicycle and pedestrian advocacy groups. I believe strongly in seeking feedback from all stakeholders to create a holistic approach to a transportation system that benefits everyone. I currently am the Transportation Finance and Operations Manager at the NC Clean Energy Technology Center, where I work with both private and public fleets across the state on ways that they can implement clean transportation technologies. In my current position, I have done research for the U.S. EPA on smart mobility initiatives across the United States. I wish to work to ensure that our transportation system in Chapel Hill is meeting the needs of all residents, including (but not limited to) students, low-income residents, senior citizens, and local businesses. I will actively seek feedback from a diverse range of stakeholders, using my experience in coalition-building around transportation to seek common ground so that decisions are made that best meet everyone's needs. I prefer to continue on to serve on the Transportation and Connectivity Advisory Board over the Housing Advisory Board, given my experience as chair. With regards to my experience on housing, I am co-chair of the Housing Committee for the Chapel Hill-Carrboro NAACP, where I work in solidarity with low-income residents of Chapel Hill to elevate their concerns as housing decisions are made.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

---

I have been transit dependent in Chapel Hill in the past and still use transit a couple times per month. I am an occasional biker. Due to my professional experience on transportation policy related to bicyclist and pedestrian safety I feel qualified to continue on as the bicycle advocate but I also could serve as a Chapel Hill resident.

## Ethics Statement

## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

---

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. ## Ethics Statement

## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

---

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.
