Dear Mayor Hemminger and Chapel Hill Town Council,

The Chapel Hill Transportation and Connectivity Advisory Board (TCAB) asks the Chapel Hill Town Council to issue a statement of support for the following letter that TCAB is forwarding to GoTriangle:

The Chapel Hill Transportation and Connectivity Advisory Board is concerned that decisions around rerouting the GoTriangle CRX route, particularly the Chapel Hill portion of the route, appear to have been made in the Wake County Bus Plan without soliciting public input from residents of Chapel Hill. The input was also conducted while the route was out of service, limiting comment opportunities for riders of the CRX route. Major changes were also made to the DRX route in the Wake County Bus Plan.

The Chapel Hill Transportation and Connectivity Advisory Board requests that GoTriangle delay final decisions around changes to bus routes and stops in other Counties and indicate that those routes are pending final review in the bus plans for Orange and Durham Counties. During the public comment on the Orange County Bus Plan, the Chapel Hill Transportation and Connectivity Advisory Board expects GoTriangle to conduct meaningful outreach and engagement in Chapel Hill on the potential changes to the CRX route and coordinate with Chapel Hill Transit on the creation and service of a new park-and-ride lot.

We thank the Mayor and Town Council for consideration and support of this critical transportation issue that significantly impacts Chapel Hill residents.

Sincerely,

Denise Matthews
Chair, Chapel Hill Transportation and Connectivity Advisory Board
