Responses to Council Questions**

**ITEM #7: Amend Article I, Chapter 2, Code of Ordinances Related to Filing Fees for Election**

**Council Question:**

What is the rationale for increasing the filing fee, other than the fact that we haven't done it in many years?

***Staff Response:***

*The cost of processing candidate applications has increased throughout the years and the Town's filing fees have remained unchanged for almost 50 years. This fee increase would help support this process.*
