Developing the Legion area into a community park would provide a great deal of community value and 27517 would help to balance all of the rapid housing development (and elimination of green spaces) in CH

We could use something on this side of town other than empty high-rise apartment buildings.

It is vital to preserve our green spaces. They provide valuable health, recreation and quality of life benefits 27517 to the community. Please save Legion Park for us and future generations!

need more tennis courts!

There's lots of higher density housing already, and more being added in this neighborhood. We need spaces 27517 like Legion Park.

In the words of Joni Mitchell, "Don't it always seem to go you don't know what you've got til it's gone? Pave 27517 paradise and put up a parking lot."

With the additional apartment buildings that have been built, there is a need for a real, full park on this side 27514 of town.

Open space whether landscaped as a park or just preserved as a walking area is never going to come back 27514 once it is paved over.

Please save Legion Community Park!

I'm a renter who has never missed a town election.

Seriously? We do not need any more development when loads of commercial space is just sitting empty. 27517-4450 Please stop destroying Chapel Hill.

There are very few parks and open spaces in town that are large enough to provide safe distances for my 27516 nervous dog to enjoy the outdoors.
