What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

After 20 years in LA as a writer and studio executive, I returned to Chapel Hill in the fall of 2017 with a wife, a small, angry dog and a passion to reconnect with my NC roots. A native North Carolinian, I graduated from UNC in 1990 with a BA in journalism. Since returning to Chapel Hill a little over a year ago, I have attended a dozen town commission/board meetings to determine where I can best make a difference. I think that difference can be made on the Board of Adjustment. I have always had an appreciation for the unique charm of Chapel Hill and its neighboring community. As a newly-minted Chapel Hill homeowner (my wife and I bought a house in the McCauley/Cameron historic district last March), my appreciation for the beauty and character of our town has only grown. I see my role on the Board as a passionate protector of -- and advocate for -- what makes Chapel Hill eternally special. To that end, I see my addition to the Board as someone who will work tirelessly to maintain that special charm, while simultaneously embracing the inevitable change that -- with the cautious hand of the Board -- will continue to elevate Chapel Hill as "one of the best towns in the US." (Guardian, 2017).

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

As a member of Preservation North Carolina and a regular attendee of the monthly Chapel Hill Historical District Commission meetings, I have developed an appreciation of the historic structures that contribute to the distinctive character of our town as well as garnered a greater appreciation for Chapel Hill's unique character at large. As an ongoing participant in the Preservation Commission GLC Training Program and recently-appointed member of the Orange County Literacy board, I am committed to helping to protect the people, places, and spirit of Chapel Hill. I also think I will bring a fresh, unique perspective to the Board and much look forward to being of service. I appreciate your consideration.

Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Interests & Experiences

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I have been a Chapel Hill resident for the past 10 years and have lived in the Triangle area for almost 25 years. I was born and raised in Albania, a small country in Eastern Europe which for many years was under a communist dictatorship. While I grew up in a communist regime, I was also fortunate enough to experience the raise of democracy in the country during my teenage years. Upon moving to the United States at age 18 I was even more fortunate to experience the democracy and the law and order that a western society like ours enjoys. I moved to the triangle area in 1995 and I have since called NC my home and loved it. My background as an immigrant is unique and so is my perspective that comes with it. What I have seen and experienced in the first 20 years of my life is something that most societies do not experience in a generations. - This is what is unique and interesting about me. The rest is probably quite boring, but also very useful for the position that I am volunteering for. Other than the above, I am an accountant and a licensed CPA. I read various agreements and contracts on a daily basis and I actually enjoy doing it. Reading complex laws and regulations (such as the IRS tax code or software licensing agreements) and applying those regulations and mandates to real life business issues and making decisions is what I do on a daily basis. I also manage a team of over a dozen individuals from various backgrounds, so while I can be considered a financial geek, I am also quite personable and work very well with people from all backgrounds and walks of life.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am a licensed CPA in the state of NC and I currently serve as the CFO of a local technology company where I am responsible for all financial decisions of a privately held corporation which employs 150+ people worldwide. I also serve as the Vice President of Sales for the same company, where I manage a team of over a dozen individuals. Concurrently I also serve in the Board of Directors of the company that I work for, as well as another technology company headquartered in the area. In my early career I worked as an Auditor for KPMG, one of the big 4 accounting firms. I have also worked for the North Carolina State Auditors Office for a limited time during the early days of my career. I hold a BS and a Masters degree in Accounting from North Carolina State University. Interests & Experiences

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I try to be non-ideological. A perspective I strive for is to look for common interests that benefit and unite people. I believe a town must represent all its citizens, and that effective government is a moving target. Although I am from the South, I have lived in several parts of the country and in different types of municipalities. This opportunity instilled the belief that there is more than one way to structure a town and that different communities can respond to their citizenry in many ways. I am also fortunate to have traveled abroad and to have developed an appreciation for other cultures.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

My advanced education gave me an understanding of the many ways climate change and sustainability issues can be understood and addressed. Working at an affordable housing non-profit has helped me understand that when a town wants to take on an issue, locally-based expertise is essential. If I am able to help the town address climate change, it will be by trying to maximize the palette of resources available. Should I get the opportunity to participate on the Board of Adjustment, I would seek the advice of local experts, and I would work to leverage my own education and experience.

Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Interests & Experiences

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am passionate about serving the community I reside in. I have resided in Nigeria, Canada, and North Carolina and have seen the structure of local government on various scales. I've witnessed the self-serving cynicism of some city management, but I've also interacted with dutiful local policymakers who always put the community's needs before their own. I wish to emulate the latter, on an advisory board for the Town of Chapel Hill. As a black male, I provide a diverse perspective on the issues facing the town of Chapel Hill and can contribute to the fundamental growth of this beautiful town.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have served in local government as a member of the Onslow County Juvenile Crime Prevention Council where I collaborated with community stakeholders to improve youth diversion programs for delinquents and child offenders. I have also served as Chairman of the Jacksonville City Youth Council where I oversaw operations of the city-wide council. We provided professional and leadership development to teenagers and served as the official youth voice of the city. Also, for three years, I advocated youth representation in state government in meetings with NC Senate Majority Leader Harry Brown, State Representative Phil Shepard, NC Secretary of Administration Michelle Sanders, and NC Lieutenant Governor Dan Forest. I developed close connections with staffers in the NC General Assembly and in Governor Cooper's Administration. In addition, I served as a Governor's Page, able to interact with instrumental staff in Cooper's administration and further strengthen bonds I've formed throughout North Carolina state government. As Executive Director of the Institute for Effective Change, I met with Congressmen across the state including Mark Meadows, David Rouzer, the Late Walter B. Jones, and G.K. Butterfield. Additionally, I was recognized by Governor Cooper as an outstanding volunteer and steward of community in 2018. I am equipped and excited to serve the Town of Chapel Hill!
