Responses to Council Questions**

**ITEM #9: Extend Advisory Board Member Terms Ending in June 2020 and Defer Spring Appointments to the Fall**

**Council Question:**

What has been the outcome of the inquiry in April that staff indicated it would make regarding whether members whose terms may be extended anticipated continued participation on the board or resignation and if they agree with this approach? How many advisory board members fell into this category?

**Staff Response:**

*Staff sent an email to 41 members whose terms will expire on June 30 and included the staff liaisons. So far, 30 responses received: 20 affirmative, 1 resignation as of June 30, 2 that were unsure and would probably resign before the end of November, and 8 who didn't reply but have applied. Leaving 10 unknown and distributed across boards.*
