ITEM #14: Local Affordable Housing Funding Program Allocations

Council Question:

The item materials recommend that the TM can approve up to \$250,000, then up to \$1,150,000. I assume that's the total of all the individual ones for a year; can you clarify? It also says a \$100K cap outside of the Hillmont pilot, but it then says that the TM needs to approve in excess of 100K. Is that 2nd mention of \$100K meant to be Town Council approval?

Staff Response:

Staff will clarify this for the presentation.

Council Question:

For the CDBG - what are the criteria used to decide what we should approve?

Staff Response:

Staff will answer this during the presentation.
