Interests & Experiences

Question applies to multiple boards

How do you describe your previous advisory board experience?

Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I've served on the HDC since 2021. Prior response below ... I've lived in Chapel Hill in 4 different decades. I lived in Odom Village UNC married student housing from 1970-1978 and in the surrounding community until 1982. I attended UNC from 1988-1992 and again from 1996-1998. I moved home to Chapel Hill in mid 2020 to be closer to elderly family members. Seeing Chapel Hill evolve and grow across my lifetime while having lived in Washington DC, Kansas City, Atlanta and Los Angeles over the last 20 years gives me unique perspective on the challenges the town faces as it grows. Growth is inevitable. Careful planning can help the town maintain its unique character while allowing new residents of all backgrounds to become citizens. In Los Angeles I was involved with the YMCA as a board member and chairman of the board of directors from 2013-2020. At the Y I gained valuable experience in serving as a volunteer in a community organization. As Board Chair I helped guide the facilities plan for the multi-location association. I understand the important role community members serve in civic associations. Diversity of background, opinions and thoughts are crucial to deliver sustainable outcomes.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am a senior marketing executive having worked in a variety of industries and locations. I've served on the executive leadership team of both public and private organizations. My experience working along side other leaders in a variety of settings would make me an asset to town advisory committees.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

I have a minor in history and have always had a fascination with historical buildings. I lived in a house build in 1935 for 10 years that was under a protective ordinance due to its age and architecture.

Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to General Statute 160D-109(d), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.” Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member shall recuse himself/herself from voting on the matter. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Question applies to multiple boards

How do you describe your previous advisory board experience?

Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I have been very active in the effort to have May designated as Preservation Month in Chapel Hill. I was a member of the HDC committee revising the Historic Districts Standards. Prior to moving to Chapel Hill I served on the Columbia, SC, Design/Development Review Commission (the HDC equivalent) for about 10 years. Although not admitted to the Bar in NC, I can bring a lawyer's perspective on procedural issues. I'm actually a second generation preservationist--my mother was instrumental in founding Stuart (Fla) Heritage.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

My service on the HDC shows that I am committed to its mission, willing to work hard, and able to take advantage of training opportunities. The HDC has had considerable turnover since I joined and I believe that some continuity of membership is important at this time.

Question applies to Historic District Commission

Do you have special interest, experience, or education/training in history, architecture, archaeology, or related fields? If yes, please explain.

I worked for many years at Disability Rights South Carolina and have a strong interest in making historic neighborhoods and sites accessible to all.
