Little or No Experience

Question applies to multiple boards

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am interested in serving on the Community Design Board because I have a strong interest in the shared communal spaces in our community. I have done personal research on playgrounds and other public spaces in the US, as well as in England and Denmark. I'm interested in the ways our unique community can enhance and expand on our public spaces.

Question applies to multiple boards

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have completed training on playground design through NCSU's Natural Learning Initiative. I have had a long standing commitment to learning about and enhancing natural space for children and families to enjoy.

Question applies to Community Design Commission

Do you have special interest, experience, or education/training in design field, architecture, landscape design, horticulture, city planning, green design, place making or related fields? If yes, please explain.

As mentioned above, I completed an online certification course on designing outdoor learning environments. I've been a teacher of young children for over 20 years and have dedicated a lot of time to outdoor learning experiences and design. In 2018 created a self-guided study that took me to Copenhagen and London, looking at their outdoor learning environments and how children there access nature, play structures as well as how they approach risk.

Ethics Statement

Question applies to multiple boards

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.” Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Question applies to multiple boards

How do you describe your previous advisory board experience?

None Selected

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am applying to serve with the Community Design Commission to repay a debt. I fell in love with the scale, character and people of Chapel Hill during my years in graduate school at UNC. I am very fortunate to have been able to call Chapel Hill my home since 1976. It has been a great blessing in my life to have the privilege to live here. In a small way, I have been able to contribute back to this community as a member of the Board of Directors for the Victory Village Day Care Center and as a member of the Chapel Hill Appearance Committee in the early 1990's – but the demands of career and family have limited the amount of time I could devote to paying back the debt I feel. Now that I have retired after working for UNC for 26 years, I have the time to try to give back in a bigger way. I think I have the skills and experience to make a useful contribution to preserving and enhancing the community which I call my home – and that would be my aim as a member of the CDC.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

My first 3-year term on the CDC has given me some valuable insight into the community design issues that face the Town - as well as insight into some of the ways I that might contribute toward working through them.
