I was counseled that in order to discuss the possibility of installing a four way stop (rather than a two way stop) at the intersection of Crofton Springs, Ivy Brook and Cobble Ridge, I needed to request this at a town council meeting. This is a dangerous intersection- I have nearly been hit several times crossing Ivy Brook from my house on the corner because of cars speeding around the corner. My neighbor across the street shared that their child was hit twice by speeders (although not seriously injured) and a child who lives on Crofton Springs was almost hit by someone while riding her bike (the driver did not stop). While I appreciate that a stop sign may not actually make people stop (I mean, I see the roll through the two way stop all of the time), at least it might make them slow down a little and be a little more observant. Thank you.
