

MEMORANDUM

TO: Mayor and Town Council

FROM: Pamela Schultz, Chair, Stormwater Management Utility Advisory Board

SUBJECT: Coal Ash Petition - Agenda Item 9

DATE: June 11, 2019

On behalf of the Stormwater Management Utility Advisory Board (Board), I present the following petition to the Town Council concerning the coal ash agenda item.

The Board met on Tuesday, May 28, 2019 and, in a unanimous vote, approved the following recommendation to the Town Council.

*"The Stormwater Advisory Board recommends to the Town Council that immediate action be taken to remove and to properly dispose of offsite, the stockpiled material located on the Bolin Creek Trail while the Town Council considers interim and permanent solutions for the site."*

The Board's concerns stem from the inadequacy of the containment (e.g., silt fence and plastic); and the frequent inundation of the area, given its location at the bottom of a slope and its proximity to Bolin Creek.

The Board appreciates your consideration of our petition.

Motion made by Mr. Post; Mr. Hearn seconded the motion. It passed unanimously (8-0).

Members present: Bevington, Hearn Hoyt, Klakovich, Pickens Post, Schultz, Stowe
