Responses to Council Questions #1**

ITEM #7: Update on the Airport Hazard District Land Use Management Ordinance Text and Map Amendment

Council Question:

What kind of equipment and infrastructure are present on the ground related to the airport and runway that is referred to on p. 41 of the packet?

Staff Response:

We have reached out to UNC and will share this information when it is available.

Responses to Council Questions #2**

ITEM #7: Update on the Airport Hazard District Land Use Management Ordinance Text and Map Amendment

Council Question:

What kind of equipment and infrastructure are present on the ground related to the airport and runway that is referred to on p. 41 of the packet?

Staff Response:

The following equipment remains at the airport: fuel tanks, fuel pumps, runway lights, wind gauge, airport beacon, tractors, and airway monitoring equipment.
