Responses to Council Questions**

ITEM #1: Petition: Barbara Driscoll Request for a Leave the Leaves Campaign

Council Question:

Is there a sense of the number of property owners who used the town's leaf collection services in past years or the average number of property owners? If so, how many?

Staff Response:

Based on observation, the Town's loose leaf collection serves the far majority of residential properties. We estimate that there are approximately 12,200 residential collection points.
