Deputy Town Clerk**

ORDINANCE A
Approving the Application

**AN ORDINANCE AMENDING THE RESIDENTIAL-SPECIAL STANDARDS-
CONDITIONAL ZONING DISTRICT FOR PERRY PLACE, THE PROPERTY LOCATED AT
800 S. MERRITT MILL ROAD, (2022-11-02/O-1)**

WHEREAS, North Carolina Department of Transportation (NCDOT) is considering to reallocate the travel lane on S. Merritt Mill Road to accommodate bike lanes one each side of the street, so the developer would not need to add pavement and create the bike lane at a cost exceeding \$200,000; and

WHEREAS, the previous Council approval was for a Special Use Permit with a Conditional Use Zone. The proposal before Council this evening is a Conditional Zoning due to changes to Chapter 160D of the General Statutes; and

WHEREAS, the Council of the Town of Chapel Hill has considered a modification to an application for a Conditional Zoning Atlas Amendment submitted by CASA to rezone the property located at 800 S. Merritt Mill Road identified as Orange County Property Identifier Number 9778-93-2136, to modify the Special Use Permit approved on April 25, 2018, to modify stipulations #8 and #9 and finds that the amendment if enacted, is reasonable and in the public's interest and is warranted to achieve the purpose of the Comprehensive Plan, as explained by, but not limited to, the following goals of the Comprehensive Plan:

- Chapel Hill has a shortage of affordable rental units, particularly those under 50 percent Area Median Income (AMI). This development will include 24 rental units that are affordable to household under that income level. (Place For Everyone.3)
- If a family cannot afford to live in Chapel Hill, they cannot experience access to opportunities. (Place For Everyone.4)
- The development will convert a vacant, underutilized urban infill lot into a vibrant residential community which connects tenants to walkable amenities in both downtown Chapel Hill and downtown Carrboro as well as convenient transit connectivity to the greater community. (Community Prosperity and Engagement.3)
- The development will activate a vacant urban lot, and the provision of sidewalks and bicycle parking facilities will create non-vehicular connections to the many nearby amenities. (Getting Around.2)
- In order to minimize sprawl outside urban areas, the Town must maximize density within urban areas. The development will be moderate density of approximately 15 units/acres. (Good Places, New Spaces.1)
- Providing more high-quality affordable housing in Chapel Hill is critical to strengthening social equity and economic prosperity for many Chapel Hill households. (Good Places, New Spaces.8)
- While this development will not provide housing to full-time students, it will help to fill a critical need in housing for the many employees of our local institutions who earn less than 60% of AMI such as grounds workers, cafeteria and food service workers, janitorial workers and nursing assistants. (Town Gown Collaboration.4)

WHEREAS, the Residential-Special Standards-Conditional Zoning District (R-SS-CZD) application, if modified, according to the rezoning plan dated October 2, 2022, and the conditions listed below would:

- a) Conform with the applicable provisions of the Land Use Management Ordinance and Town Code
- b) Conform with the Comprehensive Plan
- c) Be compatible with adjoining uses
- d) Mitigate impacts on surrounding properties and the Town as a whole
- e) Be harmonious with existing and proposed built systems including utility infrastructure, transportation facilities, police and fire coverage, and other public services and facilities
- f) Be harmonious with natural systems such as hydrology, topography, and other environmental constraints

BE IT FURTHER ORDAINED by the Council of the Town of Chapel Hill that the Chapel Hill Zoning Atlas be amended as follows:
