

04-27-2022 Town Council Meeting Responses to Council Questions

ITEM #4: Endorse the County-Wide Coordinated Manufactured Homes Action Plan

Council Question:

Have there been any changes since last meeting?

Staff Response:

There have been a few minor edits and two additions to the plan that were incorporated based on feedback to date from the elected boards. The edits were not substantive. Below are the additions:

1. **Strategy 1e** – Action Step: Coordinate with the OCHPC to facilitate the completion of home repairs, **weatherization, and use of residents' skilled labor** (highlighted language added)
2. **Partners section:** NC Department of Environmental Quality [Weatherization Assistance Program](#)¹ was included
