

**03-13-2019 Town Council Meeting**  
**Responses to Council Questions #2**

**ITEM #2:** Call a Public Hearing on April 17, 2019 to Consider Land Use Management Ordinance Text Amendments and a Zoning Atlas Amendment for the Rogers Road Zoning Initiative

**Council Question:** Procedurally, would the public hearing open and close on this day, or would there be a continuance and closing of the public hearing at a separate Council meeting?

**Staff Response:** *The Council would continue the public hearing to a separate Council meeting to receive additional public comment, and then close the public hearing and make a decision at that meeting.*
