Stormwater Regulations Review

- Introduction
- Summary of the Petition and Background
- Project Scope, Timeline & Stakeholder Engagement
- Purpose of Today's Discussion

Petition – Comprehensive Review of SW Regulations

- Chapel Hill’s stormwater management regulations were last comprehensively reviewed/rewritten in 2003. Since that time, environmental changes are accelerating.
- The Town undertake a comprehensive review of its stormwater management regulations to ensure that:
 - The goals for the 2003 regulations remain valid (and if not, are updated)
 - The regulations are directed toward meeting these goals.
- Topics for review listed but not limited to.

What Has Happened Since the Petition Was Submitted

- On October 20th, 2021 at a worksession, Town Stormwater Staff presented:
 - An array of possible areas of change to Stormwater related Ordinances
 - What would be included in a technical study
 - And next steps
- The Town has since contracted with SOM – the consultant for the overall Land Use Management Ordinance (LUMO) review and rewrite it. SOM has partnered with SRF to provide technical support.

Purpose of Today's Discussion

- Timeline and Engagement
- Current Stormwater Regulations
- Opportunities & Goals
- Discussion Questions

Timeline and Engagement Process

Town of Chapel Hill Stormwater Regulatory Review Engagement Meeting Summary

	October 2022	November 14-15, 2022	Week of December 5, 2022	December 2022	January 2023
Town Staff Engagement	Virtual Kickoff Meetings	In-Person Staff Workshops #1	In-Person Staff Workshops #2	In-Person Staff Workshops #3	
Town Council		In-Person Work Session		Memo to Council	In-Person Final Report Presentation
Community/Public Stakeholders		In-Person Open House #1	In-Person Open House #2		
Professional Stakeholders		In-Person Stakeholder Consultation Meetings #1	In-Person Stakeholder Consultation Meeting #2		

Purpose of Today's Discussion

1. What is working?
2. What areas in the stormwater regulations are challenging and need to be addressed?
3. What do you see as opportunities for improvement in the stormwater regulations? Are all of Council's concerns addressed in the petition?
