CONDITIONAL ZONING

TOWN OF CHAPEL HILL

Planning Department

Conditional Rezoning applications are reviewed by staff, Planning Commission, and Town Council. The application is part of an open public process that enables Town Council to discuss and decide on the key issues of a rezoning proposal. If a rezoning is approved, the applicant may then submit a detailed final plan application to staff for compliance review with the technical development standards and with the Council rezoning approval.

The establishment of a Conditional Zoning District shall be consistent with the Land Use Plan in the Comprehensive Plan. A proposed Conditional Zoning District is deemed consistent if the proposed District will be located in conformance with an adopted small area plan and/or in one of the following Land Use Categories:

- Medium Residential
- High Residential
- Commercial
- Mixed Use, Office/Commercial Emphasis
- Mixed Use, Office Emphasis
- Town/Village Center
- Institutional
- Office
- University
- Development Opportunity Area
- Light Industrial Opportunity Area

If the proposed conditional zoning districts is located in a Low Residential or a Rural Residential Land Use Category, the Town Council must approve a Land Use Plan amendment prior to proceeding.

SIGNED CONDITIONS: All conditions shall be in writing, prepared by the owner of the property or an attorney and must be signed by all property owners and contract purchasers, if applicable. The Town Attorney may require additional signatures if necessary and will determine whether or not the conditions statement is legally sufficient. Within thirty (30) days after receipt of the conditions the Planning Division Manager will notify the applicant of any deficiencies in the conditions statement or if any additional information is needed. The applicant may make changes to the written conditions statement provided it is submitted at least thirty (30) prior to Planning Commission meeting or thirty (30) days prior to Town Council public hearing.

RECORDATION OF CONDITIONS: After a rezoning has been approved by the Town Council, the conditions statement shall be recorded with the Register of Deeds Office. After a rezoning has been approved by Town Council and recorded by the Register of Deeds Office, the conditions may not be amended except through a new rezoning application.

Stanat's Place Project Narrative

Developers Background: Capkov Ventures Inc. is a Chapel Hill owned and operated development company that has been building communities in Chapel Hill and Carrboro for the last 30 years. Capkov Ventures is owned by Scott Kovens who has lived in Chapel Hill for his entire adult life. Communities that have been designed and developed by Capkov Ventures Inc. include;

- 1) Weatherhill Pointe, Carrboro
- 2) Bolin Forest, Carrboro
- 3) Erwin Village, Chapel Hill
- 4) Columbia Place, Chapel Hill
- 5) Pickard Oaks, Chapel Hill
- 6) The Cedars at Bolin Forest, Carrboro
- 7) Franklin Grove, Chapel Hill
- 8) Chancellors View, Chapel Hill
- 9) Winmore, Carrboro
- 10) The Goddard School, Chapel Hill
- 11) Burch Kove, Chapel Hill (design and entitlements only)
- 12) Chandlers Woods (design and entitlements only)

Overview: Capkov Ventures is proposing to develop a community of 47 town homes on a wonderful infill site located between the Vineyard Square town home community and Homestead Park. Cabernet Drive will extend through the community and intersect with Aquatic Dive which leads directly to Homestead Park. Stanat's Place is an ideal location for a town home community immediately adjacent to Chapel Hill's signature park and aquatics center.

Capkov recently received approval for the Bridgepoint town home community just across Weaver Dairy Road Extension from this proposed site. We have taken the feedback we received from the Town Council, the Community Design Commission, and the Town Review Boards during the approval process for Bridgepoint and tried to incorporate that feedback into the design of this new community.

The roughly eight (8) acre property has been owned by the Stanat family for the last 30 years. The Stanat's are hoping to downsize and move to a community for active seniors with less maintenance.

Stanat's Place will serve a wide range of age groups focusing on first time home buyers, families, and downsizing seniors who are looking for lower maintenance than a single-family home. The community is designed to serve the middle-income price range often referred to in Chapel Hill as the "Missing Middle". As we are all aware it has become virtually impossible to find homes in Chapel Hill in the middle-income price range. Stanat's Place will add diversity and depth to the available housing opportunities in Chapel Hill.

Proposal Specifics: Stanat's Place is roughly eight-acres. Capkov is requesting a Conditional Zoning Permit for 47 town homes. The current zoning of R-2 will need to be revised to Conditional Zoning (CZ)-R-5. The property is located north of Homestead Road, west of Aquatic Drive, east of Weaver Dairy Extension Road, and south of the Vineyard Square community. As proposed Stanat's Place will have two means of ingress and egress. One from the natural extension of Cabernet Drive on the west, and a second from Aquatic Drive on the east side of the community. All utilities are currently available to the site and a 30' OWASA sewer easement with a public-main runs west to east through the site. The property is triangular in shape with a stream running from west to east across the southern property line. A 20' Greenway Trail Easement will run along the stream and will be dedicated to the Town of Chapel Hill creating an important link in the Greenway Trail System. A water quality pond will be constructed just south of the town homes overlooking the Greenway Trail and the creek. The water quality pond will be a wet pond that is heavily landscaped.

Access and Circulation: Two vehicular access points have been proposed for Stanat's Place both conforming to the Chapel Hill Land Use Ordinance and the State Fire Code. The first access point will be facilitated by the extension of Cabernet Drive from Vineyard Square. Cabernet Drive was designed to extend into Stanat's Place when Vineyard Square was developed. A sign stating that "This Road May Continue in the Future" was required at the termination of Cabernet Drive when Vineyard Square was developed. The Cabernet Drive access point will provide direct access to I-40 via Weaver Dairy Road Extension. The second access will be formed by connecting Cabernet Drive to Aquatic Drive. Aquatic Drive then travels south to Homestead Road. The entry point of Cabernet Drive onto Aquatic Drive is south of any of the Homestead Park amenities. An extensive Traffic Impact Analysis was prepared for this area just over a year ago which indicated that both Weaver Dairy Road Extension and Homestead Road had sufficient capacity for additional development. The Traffic Impact Analysis is currently being updated. The soon to be constructed Homestead Road Improvement Project, and the signal light improvements being done as part of Bridgepoint, will enhance traffic safety along Homestead Road. All roads will be built to public standards and dedicated to the Town of Chapel Hill as public roadways. Stanat's Place will also provide an important link in the Chapel Hill Greenway System that will eventually connect the Green Tract and all the communities to the south to Homestead Park. Currently Greenway Trail Easements are in place across the Towns 2200 Homestead Road site, Bridgepoint, and as proposed Stanat's Place.

Buffers and Natural Constraints: **Buffers and Natural Constraints:** Stanat's Place has been designed with vegetative buffers around the perimeter of the community and street trees along the internal public streets. The buffers will conform to both the Design Guidelines and the Chapel Hill Land Use Ordinance. There is an existing buffer between Stanat's Place and Homestead Park that is roughly 40' of both hardwood and evergreen trees. The community will feature a central park with over half of an acre public green. The southern property line has a perennial stream running west to east across the site. The proposed plan takes advantage of the Resource Conservation District (RCD) surrounding the stream by allowing it to become a beautiful natural area with an extension of the Chapel Hill Greenway Trail running along the creek. We will place benches along the Greenway Trail and dedicate it to the Town of Chapel Hill Parks and Recreation System. The town homes which front Public Street "B" will overlook a heavily landscaped pond, the Greenway Trail, and the stream and associated buffers. The site is generally flat sloping from north to south. There are small unconnected areas of moderately steep slopes resulting from the house and driveway construction. The site is naturally gently sloping.

Stormwater Management: As proposed Stanat's Place will have an elongated wet pond running parallel, but separated from, the perennial stream running along the southern portion of the site. The pond will be heavily landscaped with three tiers of plantings above and below the water line and will be an attractive amenity. The pond will be designed to conform with volume, velocity, and water quality standards laid out in the Chapel Hill Land Use Management Ordinance and the Design Guidelines.

Recreational Amenities: Stanat's Place will provide onsite recreational facilities. The Applicant proposes constructing an important link in the Chapel Hill Greenway Trail leading to Homestead Park. It will eventually connect Bridgepoint, the Town owned 2200 Homestead Road community, and future communities to the north. A Greenway Trail link was provided by the Bridgepoint site community to the east and the Town owned 2200 Homestead Road site as part of their respective approvals. The only remaining link will be across the Vineyard Square Open Space and Chapel Hill Parks and Recreation Department is working to acquire that last segment. With the inspiration of Brian Peterson, we have designed a central park which all of the homes will look out onto. The park will have an open green with a Chapel Hill stone wall running along the north side for sitting. It will have a reading area with a community library and fire pit, and a separate small children's playground with benches and picnic tables. One of the wonderful things about this unique location is that it shares a property line with Homestead Park with its soccer fields, baseball fields, dog park, aquatics center, skateboard park, and several wonderful playgrounds for the children.

Home Design: The town homes in the Stanat's Place community will be a traditionally designed homes with attached two car garages. There will be two full parking spaces outside the garage providing two off-street parking spaces. The lot size will allow for a town home with a footprint of 24' X 62' providing great flexibility in design and size of the homes. Each town home will have a private courtyard. The homes will be designed for middle income families that will enjoy the nearby schools and recreational opportunities and downsizing adults moving from single family homes. Both upstairs and downstairs master plans will be

available with three-bedroom two bath town homes being the most frequently purchased. The town homes will be arranged in buildings ranging between 4-6 units.

Impact on Neighboring Properties: Stanat's Place is entirely consistent with the adjacent town homes in the Vineyard Square community. The connection to Vineyard Square will allow neighboring residents to access Homestead Park more easily by either driving or walking. We believe connectivity in this location is important as it promotes all of the many attributes of connectivity.

We are very excited about the possibility of having an opportunity to bring Stanat's Place to Chapel Hill. We believe the town home market in Chapel Hill is badly underserved as is middle income homes across the region. We believe that Stanat's will fill an essential part of the communities' housing needs and we ask for your support.

Thank you, Eric Chupp

Stanat's Place Statement of Compliance with the Comprehensive Plan

The proposed Stanat's Place townhome community has been designed to comply with the Town of Chapel Hill's Comprehensive Plan, Northern Area Task Force Report, and the Future Land Use Map. The site plan has been designed to meet the plans in the following ways;

A. Compliance with the Comprehensive Plan

1) *A Place for Everyone*

One of the major goals under the theme "A Place for Everyone" is to provide "A range of housing options for current and future residents". Diversity of housing options has become a significant problem in Chapel Hill. Stanat's Place will provide 47 town homes and make a significant contribution to "Missing Middle". In the last several years over 3,500 for rent apartment units have been built in Chapel Hill but only one town home community has been approved which was Bridgepoint. If approved Stanat's Place will fill an essential housing that is almost missing in Chapel Hill, homes for middle income families and downsizing seniors. As the University of North Carolina tries to attract the best and the brightest to Chapel Hill, those potential employees who have children, or anticipate having children, will have as one of their primary considerations the availability of for sale housing. The same is true for the wider community as Chapel Hill tries to encourage innovative businesses to locate in Chapel Hill. While Stanat's Place will not solve the problem of providing diversity in housing it will provide some additional options for middle income families who are looking for something other than an apartment home.

2) *Community Prosperity and Engagement*

One of the major goals under the theme "Community Prosperity and Engagement" is to "Foster success of local businesses." The Town of Chapel Hill has consistently expressed the desire to promote our world-class university and to attract new employers who can utilize the talents and technologies developed at UNC to launch new and creative businesses. As mentioned in the preceding paragraph, to successfully attract such businesses the Town must provide appropriate housing to meet the needs of the prospective employees. Stanat's

Place will add diversity to the existing housing stock, which is terribly underserved. The proposed Stanat's Place is ideally located. The site surrounded by Homestead Park and Aquatics Center, across the street from the Seymore Senior Center, the Orange County Health and Human Services Center, right down the street from all three levels of public schools. It is also next door to the Horace Williams tract, the University of North Carolina's next big campus.

3) *Getting Around*

The goal is to promote "A connected community that links neighborhoods, businesses, and schools through the provision of greenways, sidewalks, bike facilities, and public transportation." The Stanat's Place as proposed will provide a critical link in providing a holistic transportation system in Chapel Hill. Stanat's Place is proposing to construct an important link in a branch of the Chapel Hill Greenway System connecting the communities north of Homestead Road to Homestead Park. The Town owned and soon to be developed 2200 Homestead Road Community, Bridgepoint, Vineyard Square, and now Stanat's Place have or will dedicate Greenway Trail easements which connect to Homestead Park. Eventually the Greenway Trail could stretch north all the way to the Green Tract and Eubanks Road. Stanat's Place will have two access points. One from Cabernet Drive on the western side of the site that will feed into Weaver Dairy Extension Road and provide direct access to I-40. The second entrance will be at Aquatic Drive, which will provide access to Homestead Road. The second entrance at Aquatic Drive will also provide two means of access to Homestead Park increasing the public safety for all of those using the park and enhance overall connectivity.

4) *Good Places, New Spaces*

Stanat's Place will promote several of the goals of "Good Places, New Spaces" including the goal of providing "Open and accessible common spaces for community gathering, cultural uses, and community development." As mentioned above, Stanat's Place will provide a Greenway System link between the communities to the north of Homestead Road and Homestead Park. The trail will run parallel with the creek, be appointed with benches, and open for the entire Chapel Hill community to enjoy. There are few places more community oriented than Homestead Park with the Aquatics Center, soccer fields, baseball fields, skate park, dog park, and several playgrounds for children. We have also located a "Central Park" in the middle of the community. As designed, it will have an open green, stone retaining walls, an area for reading with a community book exchange and a fire pit, and a separate area for a young children's playground with picnic tables and benches.

5) *Nurturing Our Community*

In the design of the proposed Stanat's Place community we have made a conscious effort to leave the southern part of the site undisturbed where a perennial stream runs west to east through the site. The only exception will be the natural mulched surface Greenway Trail running along the stream. North of the stream and Greenway Trail we will construct a wet

pond that will serve as the water quality device but also as a continuation of the natural area being created on the southern portion of the property. We will heavily landscape the pond with three different tiers of landscaping both above and below the water line. We propose meeting or exceeding the rigorous Chapel Hill storm water, open space, and tree canopy standards.

6) *Town and Gown Collaboration*

While the proposed Stanat's Place community may not directly affect the operations of the University of North Carolina, we believe that adding to the diversity of the Chapel Hill housing stock near the Universities' future northern campus on the Horace Williams site will provide opportunities for the families who move to Chapel Hill to work at the University. With the future supply of town homes seriously in question this may be important factor in the University of North Carolina's ability to attract the best and the brightest work force.

Stanat's Place Townhome Community Statement of Reasonableness Chapel Hill Land Use Ordinance Section 4.4.3(f)(2)

Section 4.3.3(f)(2) of the Town of Chapel Hill's Land Use Management Ordinance states that "When adopting or rejecting any petition for a zoning atlas amendment a statement analyzing the reasonableness of the proposed rezoning shall be approved by the Town Council. The statement of reasonableness may consider, among other factors.

- (i) The size, physical conditions, and other attributes of the area proposed to be rezoned.
- (ii) The benefits and detriments to the landowners, the neighbors, and the surrounding community.
- (iii) The relationship between the current actual and permissible development on the tract and adjoining areas and the development that would be permissible under the proposed amendments.
- (iv) Why the action taken is in the public interest,
- (v) Any changed conditions warranting the amendment.

The applicant hereby submits the following "Statement of Reasonableness" as evidence that the proposed Stanat's Place townhome community meets the standard of reasonableness found under NCGS-160D-605(b).

- (i) The size, physical conditions, and other attributes of the area proposed to be rezoned.

The Stanat's Place property is located just north of Homestead Road between the Aquatic Center in Homestead Park and Weaver Dairy Road. Vineyard Square townhomes are located immediately north of the site. The site is just over eight acres in size and is triangular shaped. It slopes gently towards the south where a perennial stream runs west to east along the southern property line.

Stanat's Place is designed to help meet the middle-income housing needs of the Chapel Hill community. The proposed site plan has forty-seven townhome lots that are twenty-four' wide and ninety-five' deep and will accommodate townhomes in the 1700 – 2100 square foot range. The proposed density is consistent with the immediately adjacent neighborhoods and is aligned with the Chapel Hill 2020 Comprehensive Plan and the recently approved Future land Use Map. The size of the lots, the overall density and the size of the homes is almost identical to the Vineyard Square community which adjoins the site to the north, and the Bridgepoint

community across Weaver Dairy Extension Road to the west. Chapel View and Chapel Ridge Apartments are located south of the site across Homestead Road. Stanat's Place serves as a perfect transition between the single-family homes north of Vineyard Square townhomes and the apartment homes south of Homestead Road and is consistent with the adjoining residential uses.

In addition to the surrounding residential uses Stanat's Place is surrounded by public amenities and services which make it a wonderful location for medium density residential. Homestead Park will share a property line with Stanat's Place, and we have designed several pedestrian connections so that future residents can take advantage of the Park's walkability. The Aquatics Center, skate park, soccer fields, dog park, playgrounds, and baseball field will all be walkable from Stanat's Place. The Seymore Senior Center is just across Homestead Road from Stanat's Place, as is the Orange County Health and Human Services Complex. All three public school levels are within one mile and public sidewalks will provide walkability the entire way. The site is close to numerous bus stops and the BRT (Bus Rapid Transit) planned for Martin Luther King Jr. Blvd. will be within a short walk providing quick and efficient commutes to downtown Chapel Hill and the University. As proposed, Stanat's Place is a perfect infill community.

The Chapel Hill Future Land Use Map shows the Stanat's Place property within the North MLK Boulevard Focus Area and shows townhomes as a primary recommended use. The map also shows the connection between the Vineyard Square townhomes running through Stanat's Place as a "proposed connection."

- (ii) The benefits and detriments to the landowners, the neighbors, and the surrounding community.

Stanat's Place provides multiple benefits for the adjacent landowners, neighbors, and the wider Chapel Hill community.

1. The proposed plan for Stanat's Place includes the dedication of a Greenway Trail easement and the improvement of the trail with a Chapel Hill Gravel surface that will make a connection to Homestead Park. The section of Greenway Trail provides a vital link in the overall approved Greenway Trail Plan for Chapel Hill. The link to be provided by the Stanat's Place development is a spur off the "Rail Trail" section of the Greenway and will eventually connect the Horace Williams Tract with the Green Tract and proceed north to Millhouse Road.
2. The proposed plan for Stanat's Place will provide a new sidewalk connection for adjacent communities to use to access Homestead Park and the BRT (Bus Rapid Transit) stops along MLK Blvd. One connection will be directly to the Aquatic Center's parking lot and the other will provide access to Aquatics Drive and Cabernet Drive.
3. The only undeveloped adjacent property is the Maddry property which shares the southern property line of Stanat's Place. We have been contacted by a representative of Ms. Maddry's about the potential future development of her property for a senior living condominium. We have agreed to work with them on an access easement, sewer easement and to work together to provide the best developments on both sites.
4. Chapel Hill has seen very few middle-income housing in the last 20 years. A recent housing needs report commissioned by the Town stressed the need for additional housing to be built

to accommodate the “Missing Middle.” Stanat’s Place will provide middle income housing at a time when the community needs it most.

5. Stanat’s Place as proposed will provide (4) affordable homes to the Community Home Trust for perpetual affordability. Two of the homes will be built for those earning 65% or less of the median income and two of the homes will be build for those earning less than 80% of the median income.
6. The homes will be attractive to downsizing seniors who live in Chapel Hill or who are moving here. Seniors are Chapel Hill’s fastest growing age demographic and Stanat’s Place will provide them with a townhome alternative.

- (iii) The relationship between the current actual permissible development on the tract and adjoining areas and the development that would be permissible under the proposed amendment.

There is little difference in what the current zoning will allow in terms of the number of allowable homes or the potential use. The current Zoning is R-2 which given the net land area of approximately nine acres would allow thirty-six homes. The R-5 would allow up to fifteen units per acre or 135 homes. We are not changing the allowable uses under the current zoning. We are requesting R-5CZD which will only allow the forty-seven homes we are providing as shown on our site plan. The constraining factor of R-2 zoning is floor area. To make a financially viable community, forty-seven homes is the minimum threshold. As stated earlier the R-5 CZD zoning is entirely consistent with the adjacent and surrounding uses.

- (iv) Why the action taken is in the public interest.

1. As described above providing middle income housing has been a challenge in Chapel Hill for the better part of the last two decades. Predictions in the recently commissioned Housing Needs Report state that if more middle-income housing is not provided Chapel Hill risks losing its major employers to other areas where more affordable housing is available. UNC Hospital could start moving facilities to Hillsborough and Wake County. Providing middle income housing as is being proposed with Stanat’s Place is a public interest.
2. As stated above the Stanat’s Place proposal is offering to build (4) perpetually affordable homes for dedication to the Community Home Trust. This is a public interest.
3. The Stanat’s Place proposal provides a vital link in the Chapel Hill Greenway Plan. This is a public interest.
4. Stanat’s Place is an infill community surrounded by public utilities, public amenities, and public services. This type of infill development allows for the most efficient use of public resources and is a public interest.
5. Through multiple sidewalk connections to Homestead Park the Stanat’s Place community will add over 1,000 feet to the public sidewalk system in Chapel Hill. This is a public interest.

- (v) Any change in conditions warranting the amendment.

At the risk of sounding redundant a major shift in housing production and housing prices has occurred in Chapel Hill over the last 20 years. Single-family housing in Chapel Hill is virtually impossible to build with the limited land left for development. Townhomes have become a viable option for downsizing seniors and young families alike and everyone in between. Housing cost have risen dramatically over the last 10 years where a single-family home is often unattainable for those who work in Chapel Hill. Townhome communities like Stanat's Place will need to replace single family communities to adapt to these changing conditions.

1. A NOTE SHALL BE REQUIRED ON THE FINAL PLAN THAT STATES "ALL LOCAL STREETS WITHIN THE BRIDGEPOINT SUBDIVISION SHALL NOT ALLOW ON-STREET PARKING IN ACCORDANCE WITH SECTION 0103 OF THE 2018 NORTH CAROLINA FIRE PREVENTION CODE"
2. ALL DIMENSIONS ARE TO FACE OF CURB UNLESS OTHERWISE NOTED.
3. THE REQUIRED RECREATION SPACE HAS BEEN MET AND EXCEEDED. SEE SITE DATA TABLE ON THIS SHEET.
4. ALL TRASH FOR TOWNHOMES WILL BE COLLECTED BY ROLL-OUT CURBSIDE PICK UP AND SERVICE SHALL BE PROVIDED BY TOWN OF CHAPEL HILL.
5. EACH SINGLE FAMILY TOWNHOME LOT WILL HAVE A MAXIMUM ALLOWABLE IMPERVIOUS SURFACE AREA OF 2,000 SF. THIS AMOUNT IS SUBJECT TO CHANGE AND WILL BE FINALIZED WITH THE FINAL ZONING COMPLIANCE PLANS.
6. SEE SHEET 16 FOR STREET TYPICAL SECTION DETAILS.
7. ALL PROPOSED STREETS ARE PUBLIC.
8. TWELVE (12) BICYCLE PARKING SPACES REQUIRED. TWO (2) PROVIDED NEAR MAIL KIOSK. TEN (10) GARAGES PROVIDED WITH SINGLE BICYCLE HOODS.
9. A DEVELOPMENT IDENTIFICATION SIGN FOR THE NEIGHBORHOOD IS PROPOSED AT THE EASTERN ENTRANCE OF THE SITE AS IT INTERSECTS WITH AQUATIC DRIVE. THE IDENTIFICATION SIGN MAY BE INCLUDED AS PART OF THE ENTRY FEATURE.
10. TREE PROTECTION FENCING SHALL BE INSPECTED BY ADAM NICHOLSON PRIOR TO ANY LAND DISTURBANCE. ADAM CAN BE REACHED AT 919-989-5008 OR ANICHOLSON@TOWNOFCHAPELHILL.ORG

GENERAL NOTES

1. A DESCRIPTION AND ANALYSIS OF ADJACENT LAND USES, ROADS, TOPOGRAPHY, SOILS, DRAINAGE PATTERNS, ENVIRONMENTAL CONSTRAINTS, FEATURES, EXISTING VEGETATION, AND VISTAS CAN BE FOUND ON SHEET 3 - EXISTING CONDITIONS PLAN.
2. ALL DIMENSIONS ARE TO FACE OF CURB UNLESS OTHERWISE NOTED.
3. THE REQUIRED RECREATION SPACE HAS BEEN MET AND EXCEEDED. SEE SITE DATA TABLE ON THIS SHEET.

Temporary ground stabilization shall be converted to permanent ground stabilization as soon as practicable but in no case longer than 90 calendar days after the last land disturbing activity. Temporary ground stabilization shall be maintained in a manner to render the

TO MINIMIZE DAMAGE TO EXISTING TREES NEAR THE EXTERIOR EDGE OF THE SITE ADJACENT TO TREE CONSERVATION AREAS, THE CONTRACTOR SHALL CUT MINIMUM 2' TRENCHES ALONG THE LIMITS OF DISTURBANCE, SO AS TO CUT RATHER THAN TEAR ROOTS.

THE TREE PROTECTION FENCE SHALL BE MAINTAINED ON THE SITE UNTIL ALL SITE WORK IS COMPLETED AND THE FINAL SITE INSPECTION PRIOR TO THE CERTIFICATE OF OCCUPANCY (CO) IS SCHEDULED. THE FENCING SHALL BE REMOVED PRIOR TO FINAL SITE INSPECTION FOR THE CO.

PERMANENT GROUND COVER WILL BE ESTABLISHED IN 7 TO 14 WORKING DAYS PER NPDES REQUIREMENTS. REFER TO APPROVED SEDIMENT AND EROSION CONTROL PLANS.

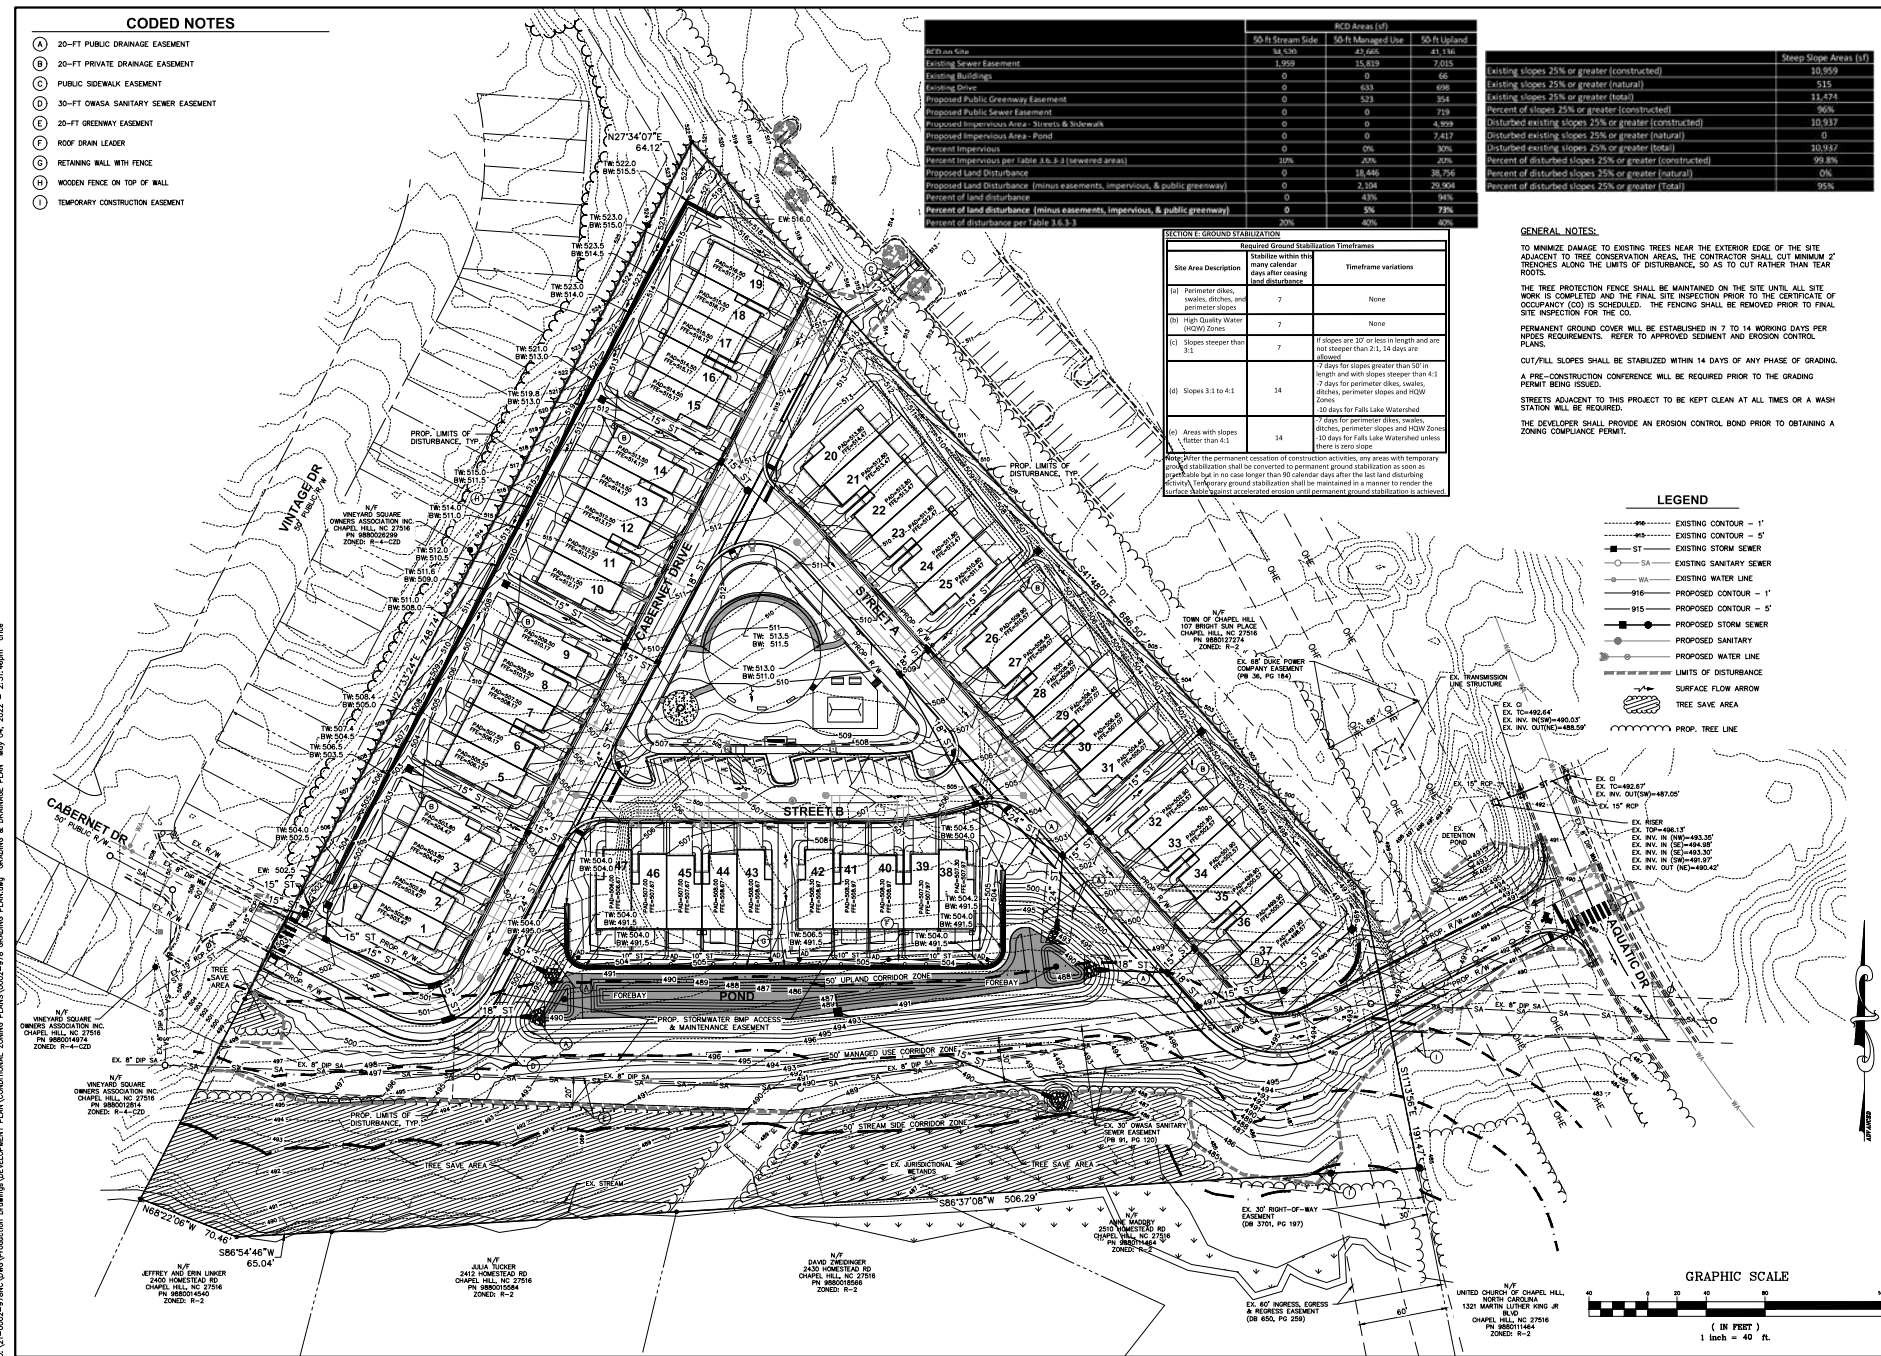

A PRE-CONSTRUCTION CONFERENCE WILL BE REQUIRED PRIOR TO THE GRADING PERMIT BEING ISSUED.

STREETS ADJACENT TO THIS PROJECT TO BE KEPT CLEAN AT ALL TIMES OR A WASH STATION WILL BE REQUIRED.

THE DEVELOPER SHALL PROVIDE AN EROSION CONTROL BOND PRIOR TO OBTAINING A

 TRAIL SIDE AREA

1. ALL STORMWATER PIPES THAT DO NOT EMPTY INTO A BASIN SHALL NOT BE INSTALLED UNTIL SITE IS STABILIZED ABOVE THESE AREAS.
2. BATTLES ARE REQUIRED ON ALL BASINS THAT HAVE A DRAINAGE AREA GREATER THAN 5 ACRES.
3. SILT FENCE OUTLET PROTECTION SHALL BE PLACED AT ALL LOW POINTS ALONG SILT FENCE TO FILTER WATER FILTER AND PASS THROUGH.
4. STORMWATER BASINS TO ACT AS SEDIMENT BASINS. SEE CALCULATIONS ON THIS SHEET FOR SIZING.
5. SILT FENCE SHALL BE PLACED AT THE LIMITS OF DISTURBANCE LINE. SILT FENCE SHOWN OFFSET FROM LIMITS OF DISTURBANCE LINE FOR CLARITY PURPOSES ONLY.

Required Ground Stabilization Timeframes		
Site Area Description	Stabilize within this many calendar days after ceasing best management practices	Timeframe variations
(a) Perimeter dikes, levees, ditches, and perimeter slopes	7	None
(b) High Quality Water Wetland Zones	7	None
(c) Slopes steeper than 3:1	14	If slopes are 10' or less in length and are not adjacent to 2.1, 1.4, or 1.5, then: 7 days for slopes greater than 50' in length and with slopes steeper than 4:1; 7 days for perimeter dikes, levees, ditches, perimeter slopes and HQW Zones
(d) Slopes 3:1 to 4:1	14	7 days for Falls Lake Watershed 7 days for perimeter dikes, levees, ditches, perimeter slopes and HQW Zones
(e) Areas with slopes flatter than 4:1	14	7 days for Falls Lake Watershed unless there is zero slope

1. CHISEL COMPACTED AREAS AND SPREAD TOPSOIL, THREE INCHES DEEP OVER ADVERSE SOIL CONDITIONS, IF AVAILABLE.
2. REMOVE ENTIRE AREA TO SIX INCHES DEEP.
3. REMOVE ALL STUMP, ROOTS AND OTHER OBSTRUCTIONS, LEAVING SURFACE REASONABLY SMOOTH AND UNIFORM.
4. APPLY 100% ORGANIC, FERTILIZER AND SUPERPHOSPHATE UNIFORMLY AND MAX WITH SOIL (SEE MIXTURE BELOW).
5. PREPARE FERTILIZER MIXTURE, A WELL-PULVERIZED, FINE, REASONABLY UNIFORM SEEDING IS PREPARED FOUR TO SIX INCHES DEEP.
6. RAKE AND ROLL SEEDING AND COVER SEEDS LIGHTLY WITH SEEDING EQUIPMENT OR OUTCROP AFTER SEEDING.
7. MULCH IMMEDIATELY AFTER SEEDING AND ANCHOR MULCH.
8. INSPECT ALL SEEDED AREAS AND MAKE NECESSARY REPAIRS OR RESEEDINGS WITHIN TWO WEEKS OF SEEDING.
9. RE-EVALUATE FOLLOWING THE ORIGINAL LINE, FERTILIZER AND SEEDING RATES.
10. LATERAL GROWTH ENCOURAGED BY SOIL MAINTENANCE TREATING AND FERTILIZATION AFTER PERMANENT COVER IS ESTABLISHED.

1. ALL EXISTING WITHIN AND AROUND OR STRUCTURES SHALL BE CLEARED, GRADED AND SPECIES AND TYPES.
2. EXISTING VEGETATION AND NATURAL AREAS SHALL BE PROTECTED TO THE GREATEST EXTENT POSSIBLE. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE VEGETATION DURING DEVELOPMENT. EXISTING TREES TO BE PROTECTED TO THE GREATEST EXTENT POSSIBLE. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE VEGETATION DURING DEVELOPMENT.
3. ALL CONSTRUCTION SHALL BE IN ACCORDANCE WITH TOWN OF CHAPPEL HILL STANDARDS AND SPECIFICATIONS, LATEST EDITIONS.
4. CONTRACTOR SHALL VERIFY LOCATIONS, ELEVATIONS, AND SIZES OF EXISTING PUBLIC UTILITIES PRIOR TO ANY LOCATIONS, GRADING, OR INSTALLATION OF UNDERGROUND UTILITIES OR IN ADJACENT TO THE PROJECT.
5. NO CLEARING IN TREE SAVE AREAS OR ANY OTHER DESIGNATED AREAS.
6. AFTER PLAN APPROVED BY ORANGE COUNTY IT IS A REQUIREMENT TO FILL OUT THE NOTICE OF INTENT (NOI) AND SUBMIT IT TO THE ORANGE COUNTY PLANNING DEPARTMENT TO OBTAIN A CERTIFICATE OF COVENANCE (COC) FOR THE NONCOWGROWING PERMIT.
7. ALL NONCOWGROWING PERMIT, SELF-INSURANCES ARE REQUIRED DURING NORMAL BUSINESS HOURS. SEE THE WEBSITE FOR A LIST OF NONCOWGROWING PERMIT REQUIREMENTS.

GENERAL NOTES

- WHERE MULCHED LANDSCAPE BEDS DRAIN TOWARD SWALES OR STORM INLETS, A METHOD OF PREVENTING MULCH WASH OUT SHOULD BE PROVIDED ALONG THE EDGE OF THE MULCH, SUCH AS EROSION STONE BORDER OR PAVERS. WHERE MULCH IS LOCATED BEHIND THE STREET, THE TOP OF MULCH SHOULD BE NO HIGHER THAN THE TOP OF CURB ELEVATION. INLETS LOCATED IN MULCHED LANDSCAPE BEDS SHOULD BE SURROUNDED BY 18" BORDER OF FILTER RAUP AND STONE TO PREVENT MULCH WASHING INTO THE INLET. STONE SHOULD BE LARGER THAN INLET OPENING OR LARGE ENOUGH TO WITHSTAND THE RUNOFF VELOCITY.
- TREE PROTECTION FENCING SHALL BE INSPECTED BY ADAM NICHOLSON PRIOR TO ANY LAND DISTURBANCE. ADAM CAN BE REACHED AT 919-969-5008 OR ANICHA.SON@TOWNOFCHAPELHILL.ORG
