

TOWN OF CHAPEL HILL HISTORIC DISTRICT COMMISSION
CONSENT ITEM: 232 Glandon Drive

NOTE: This is a consent agenda item. Items submitted as evidence in applications and below statements of potential findings of fact and conclusions of law are sufficient for action by the commission regarding an application. Items A-E of the report include a statement of application, pertinent LUMO Sections, findings of fact, justification, and a proposed motion, respectively. Land Use Management Ordinance section 3.6.2 (d)(3) Public Hearing states that “in cases where the commission deems it necessary, it may hold a public hearing.”

TOWN OF CHAPEL HILL HISTORIC DISTRICT COMMISSION
APPLICATION FOR CERTIFICATE OF APPROPRIATENESS STAFF REPORT

Application Number: 19-017
Subject Property Address: 232 Glandon Drive
Applicant: Horizon Renovations, LLC
Filing Date: 2/26/2019
Meeting Date: 3/12/2019

I. INTRODUCTION TO THE APPLICATION

Historic District: Gimghoul

Zoning District: R-1 (Residential-1)

Nature of Project: Installation of a generator on a preformed pad.

II. EVIDENCE & TESTIMONY PRESENTED

- A. Application Materials (consent item)

III. PROPOSED FINDINGS OF FACTS AND CONCLUSIONS OF LAW

- A. This is an Application to install a generator near the front corner of the existing single-family home on the west side of the property at 232 Glandon Drive.
- B. LUMO Review Criteria H is applicable to this Application and the proposed generator will not be visible from the street and will not be incongruous with the special character of the Gimghoul District.
- C. The Design Guidelines for *Utilities & Energy Retrofit* in the Historic District provide on page 49, Guidelines 8 & 9: "Install mechanical equipment in areas and spaces that require the least amount of alteration to the appearance and historic fabric of the building." And "Minimize the visual impact of new mechanical and communication equipment and utilities by installing them in inconspicuous locations that are not visible from the street and by screening them from view...."
- D. The application materials include written and photographic information which suggest that the proposed generator will be screened and will not be seen from any adjacent public right of way and will not alter the appearance and historic fabric of the building.
- E. Proposed Motion: Based upon the foregoing Findings, the Commission concludes that the proposed generator **is not incongruous/is incongruous** with the special character of the Historic District, that it will be constructed in accordance with the LUMO and Design Guidelines, and that the Application for a Certificate of Appropriateness **should be allowed/should not be allowed.**
