What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

Early in my career I worked as a professional planner. First, for the Cape May County, NJ Planning Board as an environmental planner and, later, as a land-use planner for the Penobscot Valley Council of Governments in Maine. I also served on the Castine (Maine) Water and Sewer Board and was a member of the Orono (Maine) Planning Board in the late 1990s.

Question applies to Historic District Commission

Do you have special interest, experience, or education in history, architecture, archaeology, or related fields? If yes, please explain.

I grew up in Cape May, NJ which is known for its Victorian architecture. In 1976, the entire city of Cape May was declared a National Historic Landmark. Cape May has one of the country's largest collections of 19th century Victorian framed buildings and is second only to San Francisco in volume. My father, who was City Manager at the time, spearheaded the effort to have Cape May declared a National Historic Landmark. As such, I have a great appreciation for history and historic preservation efforts. My hometown has remained an area rich in architectural and cultural history and I enjoy visiting there frequently.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am currently a retired college administrator and educator. As my CV reveals, I have a significant amount of administrative experience which may be of use to the Commission. I enjoy working with people and have a passion for teaching and learning. I am extremely organized, have strong leadership and supervisory skills, and excellent communication skills.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Interests & Experiences

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

My academic and professional experience has been in art history, the fine arts, and design. Serving on the Chapel Hill Historic District Commission for over 10 years I have participated in the many training sessions that we as Commissioners were provided by the Institute for Government at UNC and the State Historic Preservation Office. In 2001 I was on the committee that wrote the current Historic District Design Guidelines, and I am on the committee that is in the process of updating the Guidelines. Over the years I also served on the board of trustees for the Chapel Hill Preservation Society and the Chapel Hill Historical Society. I renovated an 1840s cottage on Hillsborough Street for which I secured preservation covenants from Preservation North Carolina in Raleigh, and I worked with PNC to secure preservation covenants for the Hooper-Kyser house (1814), a National Register historic property on Franklin Street. As a long-time resident of the Franklin-Rosemary Historic District I believe that it is important that the Commission's membership includes the perspectives and experiences of residents of the historic districts it is charged with preserving.

Question applies to Historic District Commission

Do you have special interest, experience, or education in history, architecture, archaeology, or related fields? If yes, please explain.

Architecture and design are among my life-long interests. I have a BA in art history from UNC-Chapel Hill, a specialization that included the history of architecture. After graduation I was accepted in the degree program at the Parsons School of Design in New York City. Additionally, I studied at the School of Visual Arts in New York followed by a year at the University of Virginia in the Art Department. I earned a BFA from the Atlanta College of Art, now part of SCAD. My unofficial education in historic preservation began in the 1970s when my mother, Georgia Kyser, and Ida Friday together with Bob Stipe were the driving force behind the creation of historic districts in Chapel Hill. My mother and Mrs. Friday co-founded the Preservation Society, now called Preservation Chapel Hill.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. Interests & Experiences

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I have experience in a variety of perspectives of planning and historic preservation. I have education in both fields, have worked professionally for government and consulting firms in both fields, and have served as an appointed board member in both fields. I am relatively new to Chapel Hill but bring with me the experience of having lived in and learned about planning and historic preservation in a variety of places: Maryland, Pennsylvania, Germany, and Ohio.

Question applies to Historic District Commission

Do you have special interest, experience, or education in history, architecture, archaeology, or related fields? If yes, please explain.

I have an MRP (Master of Regional Planning) from UNC-CH, undergrad & grad coursework in Architectural History & Historic Preservation; worked as Planner/Secretary to the Historic Architectural Review Board of Allentown, PA; consulting work in historic preservation; served on the Historic Preservation Commission of Wyoming, OH; MA in History from Univ. of Cincinnati and in process of completing PhD in History from Univ. of Cincinnati (focus on history of suburban planning). I have also owned and renovated a house built in 1875 (in Wyoming, OH). I assisted in the development of historic district design review guidelines as both a planning consultant and as a volunteer board member. As a volunteer, I have researched house histories for several historic home tours. Some of that research I featured on a blog: <http://wyomingthroughmywindow.blogspot.com>

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I am a 1993 grad of the Master of Regional Planning (MRP) program at UNC-CH. I have worked as a planner for Allentown, PA; Bucks County, PA; and for a consulting firm working in PA and NJ. I have previously served as an appointed member of a Planning Commission (Doylestown Township, PA), Economic Development Commission (Wyoming, OH) and Historic Preservation Commission (Wyoming, OH). I am currently a PhD student finishing a dissertation on suburban planning history (University of Cincinnati).

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I have served on the HDC for two years now, fulfilling a partial term. I have been elected to positions as Deputy Chair and Vice Chair. Currently, I am also chairing a committee to oversee the updating of our Design Guidelines. This role has involved working with the state SHPO and Town officials to develop a grant application, creating an agenda of preliminary work including processing the 1992 Inventory of Chapel Hill's historic resources, completing the recent National Register standard inventory of the local historic districts, and working with a private foundation and Preservation Chapel Hill to support that work. Over the years, I have valued this opportunity to serve the town.

Question applies to Historic District Commission

Do you have special interest, experience, or education in history, architecture, archaeology, or related fields? If yes, please explain.

I have extensive professional training as an American historian, including a doctorate and a number of post-docs; since 2003 I have taught in the History Department at UNC Chapel Hill. My range of interests include architectural history, cultural landscapes, and material culture. In recent years, I have taught a first year seminar on Chapel Hill's cultural landscapes, which explores local architectural history and urban development.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I grew up in an historic district and have lived most of my life in historic districts in various parts of the country.
