## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

---

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

My ability to work well with others is shown in the great ability I have making people feel welcomed and comfortable. I would be able to bring an organized work ethic while still maintaining a friendly and welcoming relationship with others at the workplace. I enjoy working with others towards a common goal. I have been involved with working with people and children of different backgrounds and I believe I would bring forth a unique perspective on how to reach many different groups of people all while focusing on our main goal and objectives to achieve.

A project I am proud of helping to start was a pilot transcription project for elementary school students. My involvement included meeting with teachers, creating online access to primary records, and compiling work packets of scanned documents for multiple students to work on simultaneously. This project was created to help students learn not only about the California court system in the mid to late 1800's, but also to read, analyze, and understand primary records.

**Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.**

I am a very organized and fun-loving person. I take pride in the work I do and my ability to serve those around me. One example of my work would be with the organization I have brought to the backlog of the Yolo County Archives. I have taken the time to create a way that 20 plus years of backlog has been organized and has thus been better processed. In doing this, I was promoted to take charge of maintaining and fixing the website (by using Dublin core, HTML, and Omeka) that is used by the public to have access to the digitized collections from the county archives.
