Hello again-

Shortly after I wrote my email yesterday: I received the new guidelines from Mayor Hemminger. I am profoundly disappointed in the language of 'urging' people to wear masks as opposed to requiring them. As this pandemic continues, people are inevitably going to become more lax and without stronger language, ie, 'required to wear a mask inside a retail business', more and more people will begin to forego the mask altogether. Once again, I feel, as an elected governing body, you are failing in your duty to protect the health, safety, and well-being of the citizens of Chapel Hill, our service providers, and those who chose to come here to shop.

Kind regards,

Cathy

Dear Mayor Hemminger and Chapel Hill Council Members:

Thank you for publicly recommending the use of masks and for providing masks to low-income Chapel Hill residents. However, we will not have sufficient mask usage in Chapel Hill unless the town joins Durham and other municipalities/states in requiring masks in all stores, offices, and shared spaces of apartment buildings.

The evidence is overwhelming that this policy will save lives. Chapel Hill should give residents 3-4 days to obtain a mask, bandana, or home-made cloth face covering (even if it's an old T-Shirt!) and then begin enforcing the requirement. Building staff - not police - should enforce the mask requirement. It's great that Chapel Hill is providing masks to low-income residents -- I support this and think our town should scale up this effort!

Every day we go without a mask requirement is another day when our family and friends are put at unnecessary risk.

Sincerely,
Beth Clurman,
Chapel Hill resident

Please pass an ordinance similar to the one in Durham that requires people to wear masks.
