Key points made by members of the Housing Advisory Board during its review of the concept plan include:

- Request to explore ways to serve lower income levels than the 80-120% Area Median Income (AMI) proposed, even if it means offering a smaller number of affordable units.
- Encourage developer to accept rental subsidies, such as Housing Choice Vouchers or VASH vouchers.
- Inquired about whether the developer would be willing to share financial information to justify the statement that it is not economically feasible for the project to serve lower affordability levels.
- Inquired whether and how the developer will work to discourage student renters.
- Stated that workforce housing is typically defined as housing affordable to households earning 60% or less of AMI.
- Emphasized the need for housing that serves households earning in the 50-60% AMI range.

No members of the public spoke on the concept plan.

#### 4. Review Draft Manufactured Homes Strategy Action Plan

[\[21-0688\]](#)

Housing and Community staff presented the draft Manufactured Homes Strategy Action Plan to the HAB. Staff explained this plan is designed to provide a coordinated effort between the Towns of Chapel Hill, Carrboro, Hillsborough, and Orange County to meet the needs of manufactured home residents and address redevelopment threats facing manufactured

home communities.

HAB members asked questions and expressed interest in being proactive in addressing these issues, reducing the approval time for affordable housing development projects to be able to act more quickly in providing relocation options to manufactured homes residents, and looking at Town land and developers who can work intentionally to create solutions.

**5. Discuss Proposed Updates to the Common Affordable Housing Funding Application and Scoring Rubric**

[\[21-0689\]](#)

Housing and Community staff briefed HAB members on updates to the Affordable Housing Development Reserve (AHDR) application and presented proposed updates to the AHDR scoring rubric.

HAB members expressed agreement with the proposed updates to the application and scoring rubric. Members also expressed an interest in staff continuing to explore how to encourage loans in place of grants, when appropriate, and potential changes to the scoring rubric to further incentivize projects that serve households at the lowest income levels.

Staff agreed to look into these items and bring information back for discussion before the next funding cycle in the winter.
